

HANDMADE

FOR THE

HOLIDAYS

2022

HERO ARTS®

www.heroarts.com

The challenges of everyday life often bring hurry, stress, and worry, and can keep us from taking the time to cherish the little things that make life so wonderful.

Crafting is the opposite. It's about slowing down and finding the space both physically and mentally to take a moment to focus. Cardmaking is about the process of creating, taking time for yourself, and making something you want to give to the people you love the most.

Welcome to your moment of quiet and joy. In this catalog, we offer you new ideas and techniques and beautiful designs. Please take the time to discover what matters to you and what gives you joy. Giving yourself that space, you can create things that your family, friends, and loved ones will cherish and remember forever. After all, isn't sharing joy what the holiday season is all about?

Enjoy your moment.

Aaron Leventhal

CEO

COLLECTIONS

This holiday we have designed a wider selection of products that all work together: Clear stamps, dies, stencils, wood stamps, and for the first time, foiling plates. By utilizing different formats for the same or a complementary design, you can use the strength of each format to your creative advantage. Clear stamps allow for precise placement, wood offer the cleanest impression, stencils are ideal with mediums, cutting dies add dimension, and foiling provides a burst of glimmer. Use your favorite product type or use several together in your creative endeavors this holiday season.

LOOKING GLASS DIES

Use Looking Glass Dies to cut windows, create backgrounds, and build layered scenes for winter and beyond. These versatile dies can be used individually, interchangeably, or in layers. Perfect for tri-fold, slimline, or custom-shaped projects, they come to life when combined with stamps and different paper colors. Combine with our Alignment Tool Stencils for perfect placement. Each die is 2.25" square and works perfectly in the Hero Arts Compact Cutter.

LL440 Halloween Ink 'n' Stamp

Core Ink

Hero Arts Core Ink is the ideal coloring system for your everyday stamping and cardmaking. It includes a mix of dye and hybrid inks in a curated range of hues and intensities, perfect for adding color to your crafty projects. Each pad comes with a versatile palette, built into the underside of the lid, where you can mix ink or water to test colors or get just the right blend for your creative techniques. Each of the 57 pads in this collection comes with a raised, low-profile pad, measuring 3.5" x 2.25," and easily inks stamps of any size. Core Inks are all acid-free, archival, and fade resistant when heat set, and they are made in the USA.

Each Core Ink color also has a matching Inker, for use to re-ink the pad and other coloring techniques. Most of our Core Ink colors are also formulated to match or work well with our Hero Hues Premium Cardstocks. And don't forget Index Labels to organize your Inks, Inkers, and Papers.
