

# INSTRUCTIONS

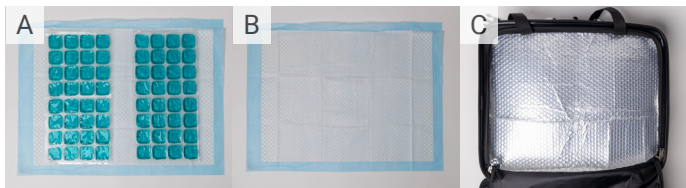

## ONE-SIZE-FITS-ALL

### WINE CHILLER SHEETS

Each chiller sheet set consists of **four components**:

- 2 re-freezable wine chiller sheets (item A)
- 3 blue moisture barrier pads (item B)
- 1 aluminum insulation sheet (item C)

**STEP 1:** Freeze the wine chiller sheets overnight in your freezer.

**STEP 2:** Place the blue moisture barrier pad on top of the bottles, white side up.

*Note: the blue moisture barrier pad can be folded to fit the different suitcase sizes.*

12-bottle size - Grande 05

8-bottle size - Petite 03

5-bottle size - Piccolo 01

**STEP 3:** Place the frozen wine chiller sheets on top of the blue moisture barrier pad as shown in the picture below. *Note: the gap in the middle for the 12-bottle Grande 05 suitcase is intentional. It allows for the flat foam protection insert with the middle bar to be placed appropriately.*

**STEP 4:** Place the aluminum insulation sheet on top of the wine chiller sheets, silver side down. *Note: the aluminum insulation sheet can be folded to fit the different suitcase sizes as shown in the pictures below.*

**STEP 5:** Place the flat foam protection insert on top of the aluminum sheet and secure the straps tightly. *Note: the 12-bottle Grande 05 suitcase will have the insert with the bar in the middle that should fit in the middle gap mentioned above.*
