Fall 2016

## Hello to you all!

As I am sitting down to write the fall newsletter and summer is still in full swing with temperatures to prove it. It is hard to imagine right now that it will soon be cool enough to want to snuggle under a cuddly quilt. I have been quite busy this summer quilting projects that some of you have entrusted to me. I love the variety of colours and patterns that I get to work on for you. I have very talented customers and a great big thank you for giving me opportunity to help you complete them.

I have also been busy working with my daughter Sarah on a project to update the store website. Neither of us do this for a living, and since we both have other things that take up our time, it has been a long and sometimes frustrating process, but we are making headway and you should soon see a new and hopefully easy to use website. The plan is for you to be able to buy off the website although not everything in store will be listed on the site, so it is still best to visit the store.

# SALE

The annual **September Sale** starts Wednesday, September 7th and runs until Friday September 16th. **Everything in store will be marked down** and there will be quite a few pieces that will be last chance pieces.....meaning if you don't get them during the sale they will be gone.
