## LIFETIME LIMITED WARRANTY for Lifting Equipment\*

We make every effort to assure that our products meet high quality and durability standards and we warrant to the original consumer of the product that each is free from defects in material and workmanship as follows:

This warranty does not apply to defects due directly or indirectly to misuse, negligence or accidents, repairs or alterations outside our facilities or to a lack of maintenance. The warranty begins with the date of purchase from an authorized AMH dealer by the original user. Please retain your dated sales receipt as proof of purchase to validate the warranty. Except as stated herein, any implied warranties or merchantability and fitness are excluded. AMH shall in no event be liable for death, injuries to persons or property or for incidental, contingent, special or consequential damages arising from the use of our products. Some states do not allow the exclusions or limitation of incidental or consequential damages; hence the above limitations or exclusions may not apply to you. To take advantage of this warranty, the product must be returned for examination, postage prepaid to an authorized service station. Proof of purchase date and an explanation of the complaint must accompany the product. No returns will be accepted without prior authorization obtained through an AMH dealer. If our inspection discloses a manufacturing defect we will either repair or replace the product or refund the purchase price, if we cannot quickly provide a repair or replacement, if you are willing to accept such a refund. We will return repaired products or the replacement at our expense, but if we find that there is no defect, or that the defect resulted from causes not within the scope of this warranty, then the user must bear the cost of returning the product. This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.

Typical issues caused by misuse that are not covered by warranty:

- Bent, stretched or broken hooks
  - Missing or sprung hook latch
    - Bent or damaged lever
      - Missing parts
      - Corrosion
- · Worn, deformed or stretched load chain

Damage to chain guides and other parts from not allowing the hoist to form a straight line between hooks. Example is binding the hoist function by contact of the body with a structure.

· Wear from normal use.

Specifications and dimensions listed on the AMH website or in printed materials are provided as general information and are not binding. AMH reserves the right to alter equipment, parts, fittings, or accessories without prior notice for any reason.
