Safety Data Sheet

Section 1 - Product and Company Identification

Material Name: * 5530 Elasto-Kool™ 1000 White Siliconized Elastomeric Roof Coating
Product Code: * 5530-1-20, 5530-1-30, 5530-1-55
Product Description: * White Liquid.
Product Use: * White Reflective Roof Coating
Synonyms: * White Elastomeric Roof Coating
Manufacturer: * Gardner Gibson
4701 E. 7th Avenue
Tampa, FL 33605
United States
www.gardner-gibson.com
Please use "Contact Us" form on the website

Telephone
Technical: * 813-248-2101
Emergency: * 800-424-9300
Emergency: * 703-527-3887

Preparation Date: * 9/26/2018
Last Revision Date: * 9/26/2018

Section 2 - Hazards Identification

Emergency Overview

WARNING
Causes mild skin irritation. Harmful if swallowed.

Prevention: Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Wash thoroughly after handling.

Response: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If skin irritation occurs: Get medical advice/attention.

Storage/Disposal: Store in a closed container. Do not allow product to freeze. Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

CAUTION - May cause eye and skin irritation on contact.

Physical Form: * Liquid
Color: * White Liquid.
Odor: * Acrylic Paint-Like Odor.
Flash Point: * > 247 F (> 119.4444 C)
OSHA: * Irritant
WHMIS
* Class D - Poisonous and Infectious Materials - Division 2 - Subdivision B

GHS
* Skin Corrosion/Irritation - Category 3, Serious Eye Damage, Eye Irritation - Category 2A, Carcinogenicity - Category 2B

NFPA:

Potential Health Effects

**Inhalation**
**Acute (Immediate)** * Inhalation of vapors or mists may cause central nervous system depression, light-headedness, headache, nausea and loss of coordination.
**Chronic (Delayed)** * Under normal conditions of use, no health effects are expected.

**Skin**
**Acute (Immediate)** * May cause irritation.
**Chronic (Delayed)** * Repeated and prolonged exposure to the skin may cause dermatitis.

**Eye**
**Acute (Immediate)** * Likely to cause eye irritation, burning, tearing, etc. on contact with the eyes. If swelling and irritation persist, seek medical attention.
**Chronic (Delayed)** * Direct contact may cause slight to moderate irritation.

**Ingestion**
**Acute (Immediate)** * May cause irritation. May affect the nervous system. May be harmful or fatal if swallowed.
**Chronic (Delayed)** * Repeated and prolonged exposure may cause gastrointestinal disturbances including diarrhea, nausea, and vomiting.

### Non-Hazardous Components

This product is an encapsulated mixture which reduces the likelihood of exposure to hazardous particulates. Airborne exposures to hazardous dusts or mists may be generated by spraying, sanding or grinding.

Section 4 - First Aid Measures

Inhalation  
* IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If signs/symptoms continue, get medical attention.

Skin  
* Rinse skin immediately with plenty of water for 15-20 minutes. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention.

Eye  
* If eye irritation persists: Get medical advice/attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Ingestion  
* If swallowed, do not induce vomiting: seek medical advice immediately and show this container or label.

Section 5 - Fire Fighting Measures

Extinguishing Media  
* LARGE FIRE: Water spray, fog or regular foam.
  SMALL FIRES: Dry chemical, CO2, water spray or regular foam.

Unsuitable Extinguishing Media  
* No data available.

Firefighting Procedures  
* Fire fighters should wear complete protective clothing including self-contained breathing apparatus. Keep unauthorized personnel away.

Unusual Fire and Explosion Hazards  
* Product containers may rupture when exposed to extreme heat. Precautions should be taken to prevent release of materials.

Hazardous Combustion Products  
* Non-combustible, substance itself does not burn but may decompose upon heating to produce toxic fumes.

Protection of Firefighters  
* Structural firefighters' protective clothing provides limited protection in fire situations ONLY; it is not effective in spill situations where direct contact with the substance is possible.

Flash Point  
* > 247 F(> 119.4444 C) CC (Closed Cup)

Section 6 - Accidental Release Measures

Personal Precautions  
* Do not touch damaged containers or spilled material unless wearing appropriate protective clothing.

Emergency Procedures  
* Isolate the area and contain the spilled material. Persons not wearing the appropriate PPE should be removed from the area until the spill is cleaned up.

Environmental Precautions  
* Avoid run off to waterways and sewers.

Containment/Clean-up Measures  
* Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers. Use appropriate Personal Protective Equipment (PPE)

Prohibited Materials  
* Avoid contact with strong oxidizing agents and acids.

Section 7 - Handling and Storage

Handling  
* KEEP OUT OF THE REACH OF CHILDREN! Keep containers tightly closed when not in use.

Storage  
* Avoid extreme temperatures and freezing. Keep container/package tightly closed and in a well-ventilated place.

Special Packaging Materials  
* Not Applicable.

Incompatible Materials or Ignition Sources  
* Avoid contact with strong oxidizing agents and acids.

Section 8 - Exposure Controls/Personal Protection

Personal Protective Equipment
Pictograms

Respiratory
* When used with adequate ventilation, a respirator is not normally required. If required, use a NIOSH-approved air purifying respirator with organic vapor cartridge or supplied air respirator. This product is an encapsulated mixture which reduces the likelihood of exposure to hazardous particulates. Airborne exposures to hazardous dusts or mists may be generated by spraying, sanding or grinding.

Eye/Face
* Wear ANSI approved safety glasses with side shields or safety goggles.

Hands
* Wear chemical resistant gloves with repeated or prolonged exposure.

Engineering Measures/Controls
* Adequate ventilation systems as needed to control concentrations of airborne contaminants below applicable threshold limit values. Use precaution to protect building intake from fumes and vapors created outdoors.

Section 10 - Stability and Reactivity

Stability * Stable under normal temperatures and pressures.
Hazardous Polymerization * Hazardous polymerization not indicated.
Conditions to Avoid * Excessive heat and freezing.
Incompatible Materials * Strong oxidizers and acids.
Hazardous Decomposition Products * No known issues under normal usage conditions.

</table>

Other Component Information * IARC has concluded that none of the following chemicals in this product are carcinogenic to humans.

Section 12 - Ecological Information

Ecological Fate * No data available.
Persistence/Degradability * No data available.
Bioaccumulation Potential * No data available.
Mobility in Soil * No data available.
Other Information * Do not allow product exposure to the ground or into any waterway. Do not allow entry into municipal sewer systems.

Section 13 - Disposal Considerations

Product * Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

Section 14 - Transportation Information

DOT - United States - Department of Transportation - Shipping Name: Not Regulated.
TDG - Canada - Transportation of Dangerous Goods - Shipping Name: Not Restricted.
IMO/IMDG - International Maritime Transport Shipping Name: Not Regulated.
IATA - International Air Transportation Association - Not Regulated.

Section 15 - Regulatory Information

SARA Hazard Classifications * Acute, Chronic
