Blockade product specifications (approximate)	
Thickness	46 mils +/- 1.5
Basis Weight	770 gsm
Mullen Burst	150 psi
Recycled Content	100%

Use to protect new and existing surfaces including: wood, tile, granite, marble, stone, brick, vinyl, linoleum, epoxy, glass and other decorative surfaces.

**Blockade** is your first choice for temporary protection of all flooring, countertops or any other surface at risk of damage. Limit your risk and protect with the best!

**Blockade** provides a 46 mil heavy duty layer of protection that prevents damages from construction, remodeling or other potential hazards. The product is made of 100% recycled cardboard that provides a reusable shield of protection. The thick layer of protection helps absorb impacts of dropped tools, equipment installations, heavy traffic and dirt and dust. No more worries of scratches on your customers floor. It also allows a breathable layer which allows curing of the underside surface.

**Blockade** also provides great waterproofing protection from water, paint, mud, dirt or other fluids. It is compatible with all masking and construction tapes and will not mark or scuff floors.

**Blockade** is efficient to install, as it rolls out quickly and lays flat fast.

The product is 100% recycled and can contribute towards LEED credits.
