

- Fast-drying clear formula
- Promotes adhesion
- Improves strippability
- Enhances slip for positioning

**Dynamite<sup>®</sup> 221 Acrylic Primer & Sizing** is a waterbased wallcovering primer and sizing formulated to provide trouble-free wallcovering installations over difficult-to-bond surfaces such as existing vinyl wallcovering, glossy paint, foil, Mylar<sup>®</sup>, ceramic tile and glass. On porous surfaces such as drywall and plaster, this primer reduces the degree of porosity, allowing the adhesive to bond uniformly to the wall surface. This also provides a greater level of slip when matching patterns and butting seams.

**PREPARATION:** Surface to be primed must be clean, dry, smooth and structurally sound. Clean wall to remove dirt, grease, wax, paste residue and loose paint. Rinse with clean water. Repair surface damage with **Dynamite<sup>®</sup> Non-Shrink Spackling**.

**APPLICATION:** Thoroughly mix before using. **DO NOT DILUTE.** Apply evenly to wall surface using a paint brush, roller or sprayer. Allow surface to dry 1 hour before hanging wallcovering. Do not apply when temperature is below 45 °F. Clean up with warm water immediately after application. Proceed hanging wallcovering according to manufacturer's instructions.

**COVERAGE:** Five gallons covers approximately 2500 sq. ft. Coverage rate can vary dependent on the condition of the substrate, method of application and weather conditions.

**PRECAUTIONS:** Do not store at temperatures above 100 °F or below 40 °F. **KEEP FROM FREEZING.** This product is not intended for long term storage once pail is opened and a portion of its contents used. When transporting this product, ensure that lid is tight and pail secure and upright. Do not allow pail to tumble as this may cause lid to loosen and leakage to occur. Do not transport on passenger seats or inside the passenger compartment of any vehicle. Store product in the cargo area of vehicle, and secure over protective cloths to prevent damage due to accidental spills. Do not reuse empty containers. Do not use in drinking water or food systems.

**LIMITED WARRANTY:** Gardner-Gibson, Inc. promises that this product, when applied in accordance with our written directions in applications recommended by us as suitable for this product, will be free of defects in material. In the unlikely event that a defect should develop, and you notify us of such a defect within 12 months of purchasing product, and provide adequate proof of purchase, we will replace the defective product at no cost to you. This promise of quality is the sole and exclusive remedy for any such defective product. This limited warranty is in lieu of all other express or implied warranties, including the warranties of merchantability and/or fitness for any particular use or purpose and gardner-gibson, inc. will in no event be liable for any incidental or consequential damages.
