 Dyppin' Daisy's  
SWIMWEAR

Serene One-Piece | Superfruit | \$27 / \$56

## OUR STORY

Founded in 2015, Dippin' Daisy's is one of the fastest-growing swim brands on the market today, with over a thousand killer new styles produced yearly. As part of our commitment to the local economy, all of our suits are USA-made in the beach capital of the world, Los Angeles, California. Every year, we strive to reduce our environmental footprint through our textiles, our production, and our packaging. With hand-selected luxury fabrics designed to keep their shape and vibrancy over time, we ensure that you feel confident rocking classic, head-turning swim year after year.

As a female-founded company, we believe in empowering and creating opportunities for women. That stance is reflected in everything from our accessible price point, to our extended-size label, Curve, to the women's health initiatives we support. At Dippin' Daisy's, we want every girl who slips into our suits to feel powerful, confident, and in love with life, and we actively invest that spirit into every aspect of what we do.

# DOWN TO THE LAST DETAIL

From the feel to the fit, we aim to perfect every detail of our swimwear. Hand selecting the highest quality textiles allows us to create attention-grabbing suits that flatter your curves without fading or stretching over the years. And by using only the softest, most luxurious fabrics on the market, we make sure you always feel incredible, whether lounging poolside or plunging into crystal clear waters.

~~Euphoria One-Piece~~ | Wild Leopard | ~~\$27 / \$56~~

## PADDING

It was the number one request from our customers, so we made it happen. Nearly all of our bikini tops and one-piece suits are now equipped with removable cups to provide support, sculpting, and a flattering silhouette. If you'd rather go without, simply extract the pad from its pocket and store for later. It's convenient and flexible—your key to looking and feeling gorgeous all summer.

## MIX AND MATCH

Each of our pieces is sold individually, so you can mix and match sizes, colors, and designs to create the perfect look and fit. Additionally, several of the bottoms we offer are reversible. Flip them inside out and get two bottoms in one.

## BOTTOM COVERAGE

We understand that different fits make different women feel sexy. That's why we've created a range of bottom styles, from low- to high-waist, to full to minimal coverage. No matter your preference, you'll always love your look.

## EXTENDED SIZE RANGE

This year, we incorporated XS into our sizing so that even more women can love suiting up for summer. It's part of our ongoing mission to create inclusivity and support women of all shapes and sizes.

## ADJUSTABLE STRAPS

With gliding adjusters, our straps are designed to sculpt to your distinct shape and size, so you always feel secure and confident while looking picture perfect.

## SEAMLESS EDGING

Using seamless edging, we've designed a fit that hugs your body without cutting into your skin. The result is an ultra comfortable fit and smooth, sexy curves.
