WIRELESS ADAPTOR

Bluetooth®
Hi.
Good call on picking up the Outdoor Tech® Adapt wireless adaptor. Your experience of the universe will soon be enhanced wirelessly. This manual exists to help make sure that you use it correctly, so you’re definitely going to want to relax for a hot second and look through this.

Kisses,
FEATURES

Stream from any Bluetooth A2DP device, such as mobile phone, mp3 player, PC, Mac or PDA in the available range.

Use OT-ADAPT to remote control the music playing function of your Bluetooth device.

Switch between music and calls seamlessly. Answer calls via the built-in mic. After you’re finished with the call, your music will begin playing automatically.

Plug the OT-ADAPT into any home stereo system with a 3.5 mm jack input and wirelessly stream music from your device to your home stereo system.

NOTE

Your device must support A2DP, AVRCP, and HSP or HFP.
1. Audio Port
2. Volume +
3. Microphone
4. Forward / Next Song
5. Multi-function Button (MFB)
6. Volume -
7. Charging Port
8. Backward / Last Song
CHARGING / BATTERY

BATTERY

The OT-ADAPT has a built in rechargeable battery. Before using it for the first time, fully charge the battery for 2-3 hours.

The OT-ADAPT can provide up to 8 hours of listening time and over 150 hours of standby time.

TO CHARGE

1. Connect the power charging ports with a power source. When charging, the RED light will be on.

2. When the headset is fully charged, the RED light will be off and the BLUE light will be on.

BATTERY INDICATIONS

The RED light will remain on while the OT-ADAPT is being charged. When the battery is fully charged, the RED light will turn off, and the BLUE light will be on.

The RED light will flash continuously when battery power is low.
PAIRING / CALLS

POWER ON / OFF

When the headset is off, press and hold the MFB until the BLUE light flashes. Repeat this to turn off, the RED light will activate.

ENTER PAIRING MODE

When the headset is off, press and hold the MFB button until the BLUE and RED light flashes alternately.

PAIR

Ensure that the OT-ADAPT is within 3 feet of the device.

Enter pairing mode on the OT-ADAPT. Search for your bluetooth manager on your smart phone, MP3 Player, or any other bluetooth capable device.

Find OT-ADAPT on your device, select it for pairing.

If asked for a password, enter “0000”
MUSIC FUNCTIONS

PLAY / PAUSE

In standby mode, press the multi-function button once to activate music play. Press again to pause.

SKIP TRACKS

Press the Previous / Next keys once to skip back or forward.

CHANGE VOLUME

Press the +/- key shortly to raise and lower the volume.
TROUBLE SHOOTING

PLAY / PAUSE

If you are unable to connect your OT-ADAPT with your Bluetooth Device, please try the following.

Ensure your headset is turned on and fully charged.

Ensure the OT-ADAPT is in pairing mode when you try to pair it with your device.

If the headset is left with BLUE & RED led flashing alternately, but not being paired for 3 minutes, the headset will be shut off automatically. Turn the headset off to enter pairing mode again.

Ensure that your device is Bluetooth capable, refer to your devices manual for information.

Ensure the headset is within a maximum of 30 feet from your Bluetooth device and there are no obstructions, such as walls or other electronic devices in between.

If the above suggestions do not solve your problem, please contact us at info@outdoortech.com.
