# OUTDOOR TECH<sup>®</sup>

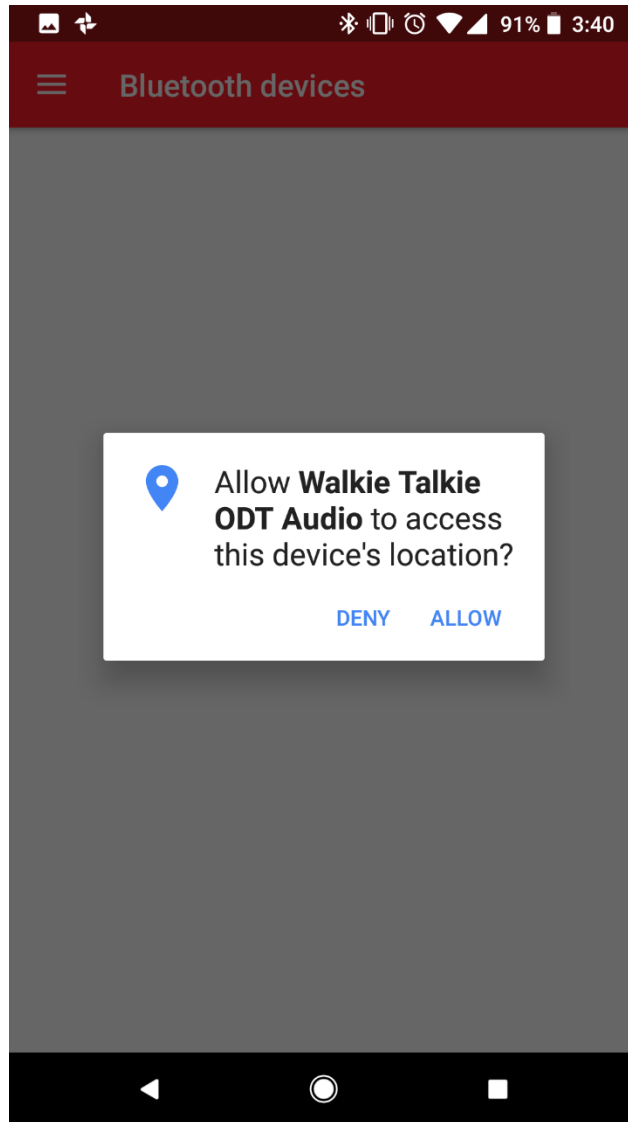

Tap on the upper left menu (3 horizontal lines) and tap on Devices.

# OUTDOOR TECH<sup>®</sup>

You should see a message that says something like, "Allow Walkie Talkie ODT Audio to access this device's location?". Tap Allow.

# OUTDOOR TECH®

You should see your Chips or Rhinos listed. Tap the Chips or Rhinos listed in the app and you should see a checkmark next to the Chips or Rhinos.

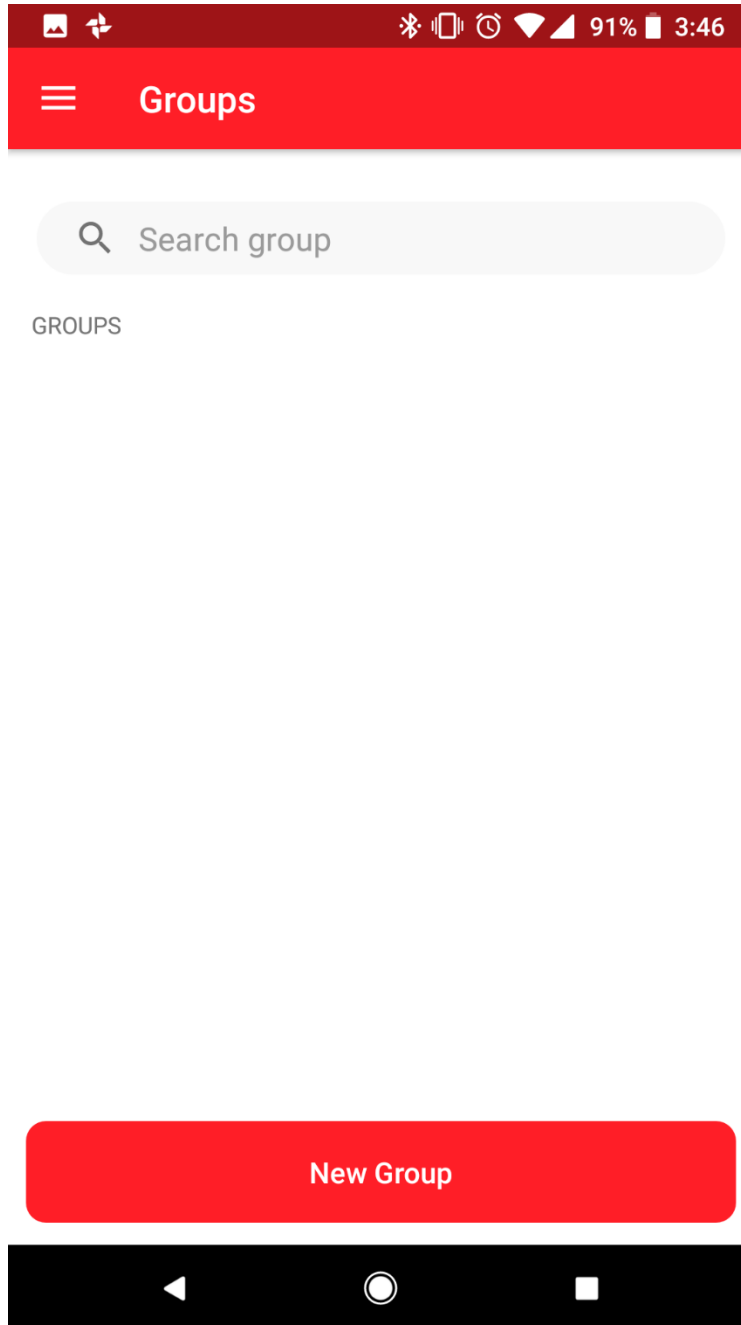

# OUTDOOR TECH.®

## Starting a group.

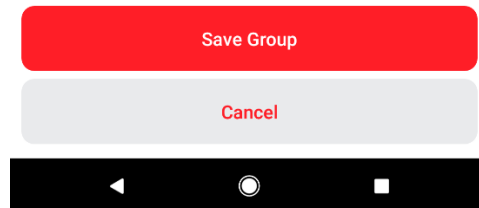

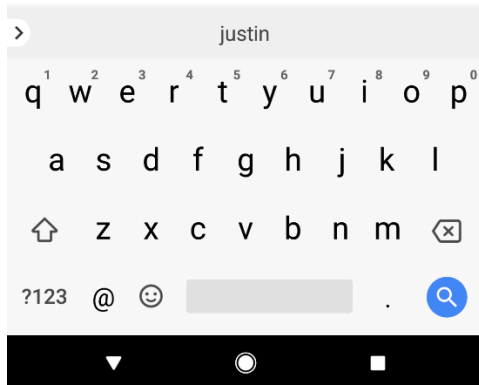

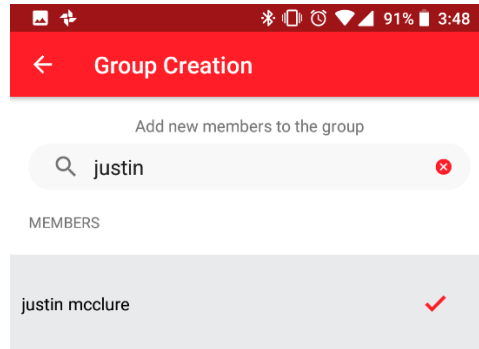

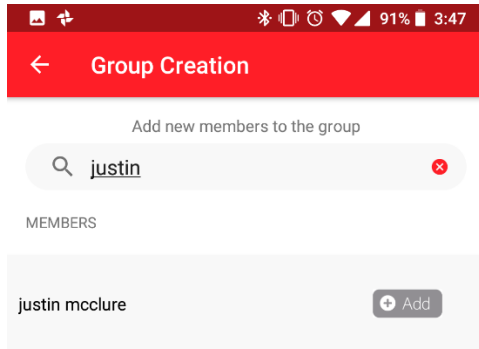

Tap on New Group, enter a group name and tap next.

# OUTDOOR TECH®

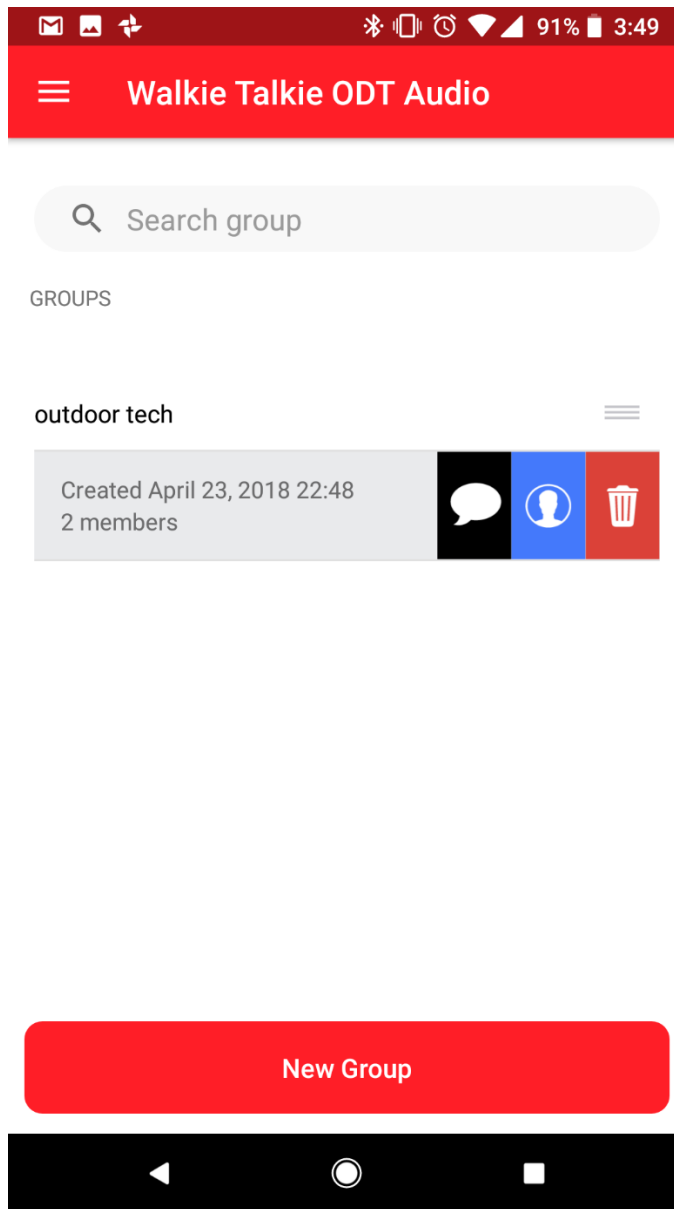

Search for members to add via name, email address, or phone number. Then tap Add next to the person you want to add to your group. Once they are added, you will see a checkmark next to their name. Tap Save Group. You can add or remove more group members at any time.

# OUTDOOR TECH<sup>®</sup>

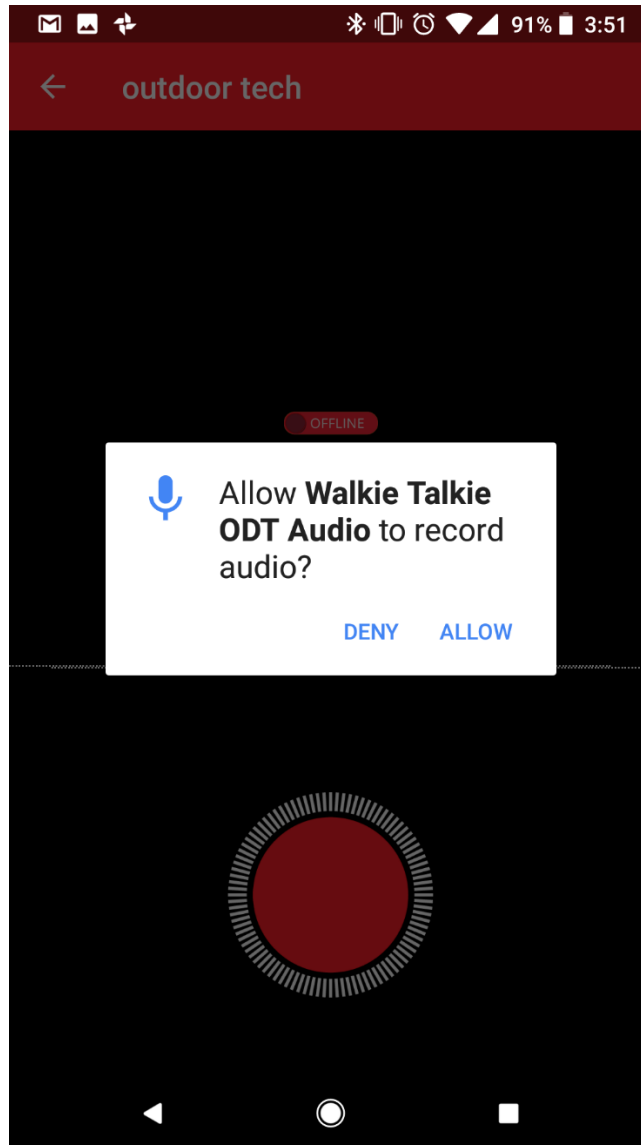

Tap on the group that you have created.

# OUTDOOR TECH<sup>®</sup>

Tap the chat bubble. You may get a message that says something like, “Allow Walkie Talkie ODT Audio to record audio”. Tap Allow.

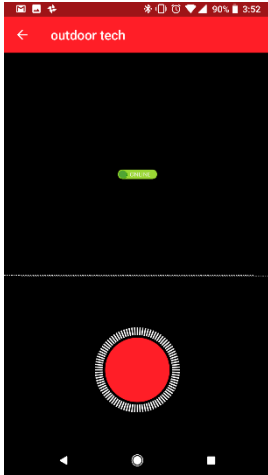

You are now fully connected and ready to start talking with your group.

You can press the record button on the app or use the walkie talkie function on your Chips or Rhinos.

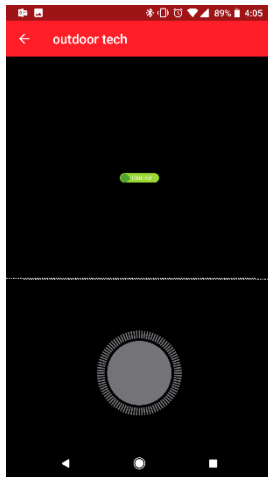

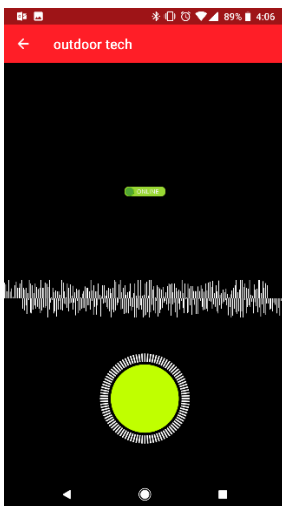

# OUTDOOR TECH®

If the record button in the app is red then that means no one in the group is recording a message.

If the record button in the app is grayed out, it means that someone is recording a message.

If the record button in the app is green, it means that you are recording a message.
