PAIRING TO MOBILE PHONE OR OTHER DEVICE.

Once The Komodos are paired to a device, they will remain paired and automatically recognize each other whenever they are within range.

PAIRING

PAIRING TO A PHONE OR ENTERTAINMENT SYSTEM

- Turn on your phone and ensure its Bluetooth function is activated
- Turn on the Komodos and go to the pairing mode
- On your phone, under Bluetooth devices - search for "ODT Komodos" and select it
- Your phone will request a passkey or PIN, enter 0000 as your PIN or passkey
- Your phone will confirm the pairing, and then press Yes/Ok
- You can also control the player by operating the device

PAIRING TO A COMPUTER

- Ensure your Bluetooth function is activated on your computer
- Go to pairing mode
- Open Bluetooth and select "Search for Bluetooth devices"
- After a few seconds "ODT Komodos" will show up in the list of Bluetooth devices. Select it and select "pairing" then select "connect with audio device"
- Open your media player software to play music, watch TV/movies and play games

PLAYING AUDIO VIA AUX CABLE

- Plug one end of the 3.5mm AUX cable to your Komodos and the other end into your mobile/tablet/computer
- Make sure the Komodos aren't already paired to another device

CHARGING

CHARGING YOUR KOMODOS HEADPHONES

- Connect the USB - Micro USB cable to a power source
- Charge for at least 6 hours before initial use
- While charging the red LED will be solid
- When charge is complete the red LED will turn off and blue LED will turn on

Warning: Make sure you select a qualified charger from a regular manufacturer. You will need to recharge the Komodos headphones if they have not been used for more than 12 months.
