

INSTALLATION GUIDE

LED SIDE MARKERS

PORSCHE 911 (992)

FITMENT

- 2020+ Porsche 911 (Carrera / Carrera S / Carrera GTS / Turbo / GT3)

TECHNICAL HELP

If you need technical assistance or help with the installation procedure, please email info@flat6motorsports.com for immediate help.

IN THE BOX

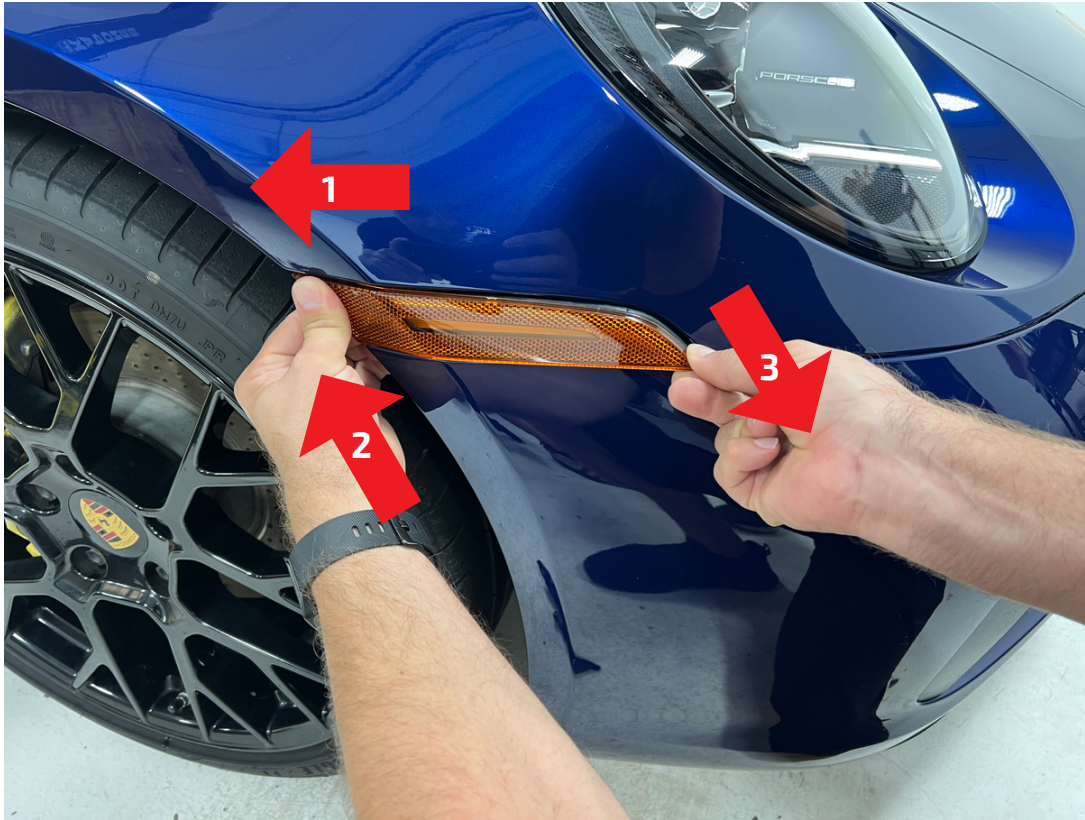

- 1X Driver's Side LED Marker Light
- 1X Passenger's Side LED Marker Light

TOOLS NEEDED

- N/A

- 1) Begin on either the driver's or passenger's side of the vehicle. Push the side marker towards the rear of the car and push the rearward portion inward to release the front of the side marker. Simultaneously, pull the front of the side marker away from the car.

- 2) With the side marker released from the body, disconnect the harness connector by pressing inward on the release tab to disconnect the harness connector from the side marker.

- 3) Reverse steps with the provided LED Side Markers. Ensure the side marker is firmly secured in the proper position.

Installation of the LED Side Markers is now complete. Make sure to test the lights by putting the lighting on before driving the vehicle.
