

The FS Jet

An innovative tunnel jet hull made to take on shallow water and get you to remote locations

created
from a life
of adventure
and passion
for nature

Hey there!

Swellfish Outdoor Equipment Co. is a family-owned business that was started in 2017. It is driven by our family history of boating and adventure and our love of spending time in nature. Everyone should have the opportunity to explore the great outdoors, and that's why we're dedicated to creating products that make it easy and fun for you to do just that! Our customers drive us to keep innovating and introducing new ideas to help you experience the joy of nature. Whether you're a seasoned adventurer, fisherman, hunter, or just starting out, we've got something for you.

Your next adventure starts here!

innovation from the hull up

Introducing the FS Jet, the inflatable boat that takes performance to the next level! Our team has designed an innovative inflatable jet tunnel hull that is unlike any other. Unlike I-Beam inflatable floors that suffer from delamination, we have used a Drop Stitch Hull that provides superior durability and rigidity. Once inflated, this boat delivers a performance that can rival traditional aluminum hull boats. The FS Jet is available in two sizes and styles. The XL is perfect for carrying larger loads through skinny rivers, while the normal FS Jet is perfect for rapids and river climbing. Get your hands on the FS Jet today and experience the ultimate boating adventure!

Thoughtfully Equipped

From our reflective lifelines, adjustable bench seating, and D-rings placed throughout to the optional aluminum floor. You can set the FS Jet up the way you want.

Simply Innovative

Our patent-pending tunnel hull is at the heart of the FS Jet. Its unique design and robust material mean this boat will take on an adventure.

Sealed with a Crest

The FS Jet, like all of our boats, is thoroughly tested to make sure you can take on any adventure. Swellfish will always use thermal welded seams and the highest quality materials available.

FS Jet 400
