

Material Safety Data Sheet

1. Product & Company Identification

Company Name: Silhouette America, Inc

Address: 618 North 2000 West, Lindon UT 84042

Product Contact: (385)352-2090

Product Name: Fabric Ink

Date Revised: 02/26/2018

Version: 1

Product Code: INK-BLK, INK-BLU, INK-BRN,
INK-CYN, INK-GLD, INK-GRN,
INK-GRY, INK-MAG, INK-ORG,
INK-PUR, INK-RED, INK-SVR,
INK-TAN, INK-WHT, INK-YEL,
KIT-INK-3T,

Product Use: Acrylic-based ink for application onto fabric surfaces to create customized apparel.

2. Composition/Information on Ingredients

Ingredient Name	CAS #	Contents (%)
Acrylic binder (proprietary)	-	66%
Titanium dioxide	13463-67-7	30%
Dispersants	104-76-7	1%
Other (proprietary)	-	3%

3. Hazards Identification

Health Hazards: Does not present any particular hazard under normal conditions of use.

Skin Contact:	May cause minor skin irritation.
Skin Absorption:	Not a likely route of exposure. No known hazard.
Eye Contace:	Not a likely route of exposure. However, direct contact with eyes may be irritating and cause redness and/or tearing.
Ingestion:	Not a likely route of exposure. However, if product ingested, may cause gastrointestinal irritation, nausea, vomiting, and/or diarrhea.
Inhalation:	Not a likely route of exposure. Product not inhalable. However, substances produced from combustion may cause irritation to eyes, skin, and/or respiratory tract.

HMIS Hazard Level:

Health:	1 - Irritation or minor reversible injury possible
Flammability:	1 - Must be preheated before ignition will occur (flash point above 200°F)
Physical Hazard:	0 - Material is normally stable
Personal Protection:	0 - None required

4. First Aid Measures

Emergency Overview: This product is neither hazardous nor toxic. However, the following describes recommended first aid treatments to take in cases of potential incorrect handling of the product.

Skin Contact:	Wash skin thoroughly with soap and water.
Skin Absorption:	Not a likely route of exposure.
Eye Contace:	Flush eyes with water for 15 minutes. Seek immediate medical advice/attention.
Ingestion:	If accidentally swallowed, do not induce vomiting. Drink two glasses of water. Obtain immediate medical advice/attention.
Inhalation:	Product not inhalable. If substances produced from combustion are inhaled, move to fresh air and seek medical aid if necessary.

5. Fire Fighting Measures

Flammable: This product can be ignited.

Means of Extinction: Foam, CO₂, Dry Chemical

Hazardous combustion Products: N/A

6. Accidental Release Measures

Leak and Spill Procedure: Small spills - Mop up, wipe up, or soak up; Large spills - Remove all sources of ignition. Wear protective equipment. Impound spilled material and control further spillage. Absorb spill with dry sand, absorbent mat, or similar. Then recover into containers. Flush residual spill (area) with copious amounts of water.

7. Handling and Storage

Handling Procedure: Keep away from all possible sources of ignition. Provide adequate ventilation. Avoid contact with eyes and skin

Storage Requirements: Store in a cool, dry environment. Keep away from all possible sources of ignition. Keep containers tightly closed

8. Exposure Control/Personal Protection

Exposure Limits: N/A

Engineering Controls: Use with adequate ventilation

Protective Equipment: Skin protection - Chemical resistant gloves recommended, Eye protection - Safety glasses or goggles recommended

9. Physical & Chemical Properties

Physical State: Paste

Appearance: Multiple colors (based off specific product color noted on label)

Odor: Mild odor

Boiling Point: 100° C

Freezing Point: 0° C

Melting Point: NA

Flash Point: 215° C

PH Value: 6~8

Vapor Pressure(mmHg): NA

Specific Gravity: NA

Evaporation Rate(Buty/Acetate=1): ~28%

Solubility in Water: Partially soluble

10. Stability & Reactivity

Stability: This product is considered a stable material under normal and anticipated storage.

incompatibility w/Other Substance: Strong oxidizing agents, Strong acids, Oil

Reactivity: Stable under normal condition of storage and use.

Conditions to Avoid: Fire/Flames/Sparks/Other sources of ignition, Storage temperatures above 90° F, Poorly ventilated areas

Hazardous Decomposition Products: Carbon monoxide, Carbon dioxide may be generated by thermal decomposition and/or ignition

11. Toxicological Information

Health Hazards: None under conditions of normal expected use.

Carcinogenicity: This product is not listed as a carcinogen by NTP, IARC, or OSHA.

Irritancy of Product: None under conditions of normal expected use.

12. Ecological Information

Eco-toxicity: While non-toxic and presents no immediate harm to the environment, this product should not be allowed to enter drains or watercourses in order to avoid pollution of water bodies.

Biodegradability: No data available.

13. Disposal Considerations

Disposal Method: This product is not regarded as hazardous waste. Dispose of materials in accordance with applicable local, state, and federal regulations.

14. Transport Information

Special Shipping Information: Not classified according to transport regulations for dangerous goods: not subject to IATA DGR.

Safety Measures/Conditions of Transport: Avoid product containers from getting wet to prevent breakdown in packaging. Keep away from sources of ignition.

15. Regulatory Information

U.S. Regulations

TSCA Status:All components of this product are listed on the US TSCA Inventory.

California Proposition 65: This product does not contain chemicals regulated under California Proposition 65.

SARA Title III (311, 312) Hazard Class: None.

SARA Title III (302) Extremely Hazardous Substances List: None.

CERCLA 103 Reportable Quantity: This product is not subject to CERCLA reporting requirements.

VOC Regulation: This product complies with the consumer product VOC limits of CARB, the US EPA and states adopting the OTC VOC rules.

Canadian Regulations

Canadian DSL/NDSL Inventory Status: All components of this product are listed on the DSL Inventory.

CEPA Priorities Substance Lists: The components of this product are not on the CEPA Priorities Substances Lists.

European Union Information

Dangerous Substances Directive(67/548/CEE) Labeling: This product does not meet the definition of a hazardous material as defined by the European Union Council Directive 67/548/CEE.

16. Other Information

The information provided in this MSDS has been obtained from sources thought to be reliable. All recommendations and statements contained in this MSDS have been compiled from sources believed to represent the most currently available information when the MSDS was prepared.

However, since Silhouette America has no control over the conditions of use or storage of the product sold, Silhouette America cannot guarantee the results obtained through the use of its products. Silhouette America assumes no responsibility for the accuracy or completeness of the data contained herein. All products are sold and samples are given without any representation or warranty, expressed or implied, of fitness for any particular purpose or otherwise, and upon condition that the buyer shall determine the suitability of the product for its own purposes. This applies also where protective rights of third parties are involved. It does not release the user from the obligation to test the suitability of the product for the intended use and application.
