# About Kidzshack

Kidzshack Owner Emma, is a single mum. She created her brand Kidzshack when she was pregnant with her second child, when she realised how inaccessible playground equipment was. 'I was on the search for some playground equipment for my outdoor area for my toddler, and everything was so expensive and nothing was available for viewing, but 'Online Only'. I wanted to create a Brand of amazing affordable kids outdoor products, making them more accessible for families for viewing and collection from a local business.' When I was a kid my Dad made us a cubby house out of an old crate, we had so much fun, and I have many amazing memories playing with my siblings. I wanted to create a range, that excites kids and families, and encourages kids to get back to outdoor play, and away from technology, the way I did, when I was a child'.

Our Mission is to create high-quality, engaging, and safe products that inspire and empower children to learn, grow, and explore their creativity, while providing joy and entertainment for families Australia Wide.

Our Values;

**Family Memories:** Playtime with our kids will always be remembered, fill our hearts and create those core memories which will stay with us forever.

**Getting Kids Outside MORE!:** These days Ipads, and Video Games are so easily accessible, we want to encourage Kids and Families to get outside more and create family memories!

**Play:** What is more important than PLAY. Life can get serious, and remembering to reconnect to our inner child through play with our kids, is uplifting. Give your child a gift, that will inspire their imagination, and watch how you become apart of that play, and the way it makes you FEEL!

**Safety & Quality:** Ensuring that the play equipment is safe for children to use is of utmost importance. Kidzshack have rigorous testing, quality control, and adherence to safety standards. Safety is our main priority, all KidzShack Cubby Houses are made to the Australian Standard AS/NZS ISO 8124-1,2,3 & 6. Our range of products, how through an extensive testing and QC process of every batch, ensuring our products are safe for Australian Kids. Detailed Instructions on how to protect your cubby house and ensure its longevity are listed on our warranty page

**Innovation:** Kidzshack are constantly seeking to innovate and introduce new features and designs that excite kids around Australia. Our Range is refreshed every 2-3 years, with exciting new features.

Our KidzShack warehouse and Display Centre is in Bibra Lake WA, and distribute Australia Wide.

# Our Vision

Our Products are extremely popular, we sell 1000s of Cubby Houses every year from Perth WA and Freight around the country.

We would love to have our products more easily accessible through Retail Stores Australia Wide, where our customers can view and collect, saving on freight costs ,or paying a local delivery fee only.

Our customers would also love to have their cubby installed for them, with the help of Retailers around the country, this would be possible!

If you are interested in stocking our products, please contact Emma on 0409 008 509 or [emma@kidzshack.com.au](mailto:emma@kidzshack.com.au)

# Installation & Painting Instructions

Our KidzShack Cubby Houses are nice and easy to assemble. They will arrive to you mostly in pre-made panels, assembly time takes 2-4 hours with two people and a battery drill. Picture instructions are included inside the packaging. We recommend using a battery drill fitted with a phillips head drill bit for ease of assembly.

All accessories that get added to our cubbies ie. binoculars, telescope, steering wheel, phone, etc. all need to have holes pre-drilled into your cubby to eliminate cracking. Please pre-drill before screwing accessory into place.

KidzShack suggests placing your new Cubby House on pavers, concrete or slabs. Do not place your cubby house directly onto grass as this can lead to moisture rot, due to retaining water. Please refer to a Warranty Page, for a detailed description of surface required for your install.

Some Kidzshack Cubby Houses do come pre-stained (temporary water-based stain). The stain does not provide any weather protection. For total protection and warranty purposes, you must paint your cubby house within 4 weeks of outdoor exposure. For added waterproofing, please use a silicon to seal up any gaps for extra water proofing - prior to painting - as cubbies have not been made to be water tight and are not marketed as water tight.

We recommend painting your new KidzShack Cubby House - inside and out - with two coats of the Taubmans 3-in-1 exterior primer, followed by two coats of Taubmans All Weather Exterior. (We dont recommend using any clear finishes) Please note that failing to follow painting guidelines voids all warranty.

For further Warranty Information, please visit the [Kidzshack Website](#).

# The Kidzshack "Mum" Difference

Mums know Mums!

Once you become a mum, you become apart of the Mum Club. Parenting is a whole new world, that only someone who has been through it can understand, Emma employees a support team of other mums who understand what parents of younger children want and need. Our customer service team is available by phone and email 7 days a week, to assist our customers.

Kidzshack have an amazing group of Influencer Mums who create content around, parenting, diy tips and how to dos, capturing family moments and joy with their children. The content can be accessed and viewed online, via social media and youtube.

Kidzshack Cubbies are very easy to assemble, which is a huge selling point., no Dad wants to spend his whole weekend building outdoor play equipment!

Panels are premade, holes predrilled, assembly is only 2-4 hours with 2 people and a battery drill, or we can assemble for you!

Kidzshack Panels come stained in a colour finish, however we recommend to paint for longevity.. Mums love to showcase their creativity and do a #cubbyhack, and create something magical for their kids.

Side Wall Panels are thicker than others on the market! Kidzshack pride ourselves on having the best quality cubby houses in Australia. All our cubby houses and test and meet Australian Standards.

Kidzshack have a great range of sizes and features to suit any backyard, and is always designing new products and keeping up with the latest trends.

We offer delivery Australia Wide!
