

ATELIER

Beauty and originality define the Atelier collection. Imaginative design, innovative materials and weaves, and ingenious techniques create subtle, minimal rugs.

CHANNEL 608

The Channel collection is a study in the power of nuance, as the transitions between different weaves introduce subtle visual interest and create the pattern.

A design of understated elegance and subtle contrast. The field of the rug is covered in pearls of Mohair and Alpaca Merino. A large, lofty twill forms columns that frame either side of the center field material.

YARN SPOTLIGHT

- This design features a blended yarn that combines Mohair and Alpaca Merino.
- Blending two materials of the same color creates depth in the design and quietly mottled effect.
- Alpaca Merino is a soft, matte yarn that absorbs light. This yarn also has a strong twist that creates visual interest.
- The Cotton warp has a pearlescent sheen.

NOTES

- Each sample is a small version of a full-sized rug.
- Lead time may be increased due to production demand. For current lead times, please contact your Merida representative.
- Natural fibers reflect slight variation in color, so samples may vary slightly from the finished rug you receive. The resulting imperfection gives the rug its unique character.
- Visit meridastudio.com for detailed information about natural fiber characteristics and proper care.
