

# ATELIER

Beauty and originality define the Atelier collection. Imaginative design, innovative materials and weaves, and ingenious techniques create subtle, minimal rugs.

## CHANNEL 618

The Channel collection is a study in the power of nuance, as the transitions between different weaves introduce subtle visual interest and create the pattern.

A design of understated elegance and subtle contrast. A textural twill border frames either side of the densely woven basketweave center.

## YARN SPOTLIGHT

- This design features a blended yarn that combines Mohair and Linen.
- Both yarns reflect light differently, and Mohair has a sheen that subtly contrasts with smooth, crisp Linen.
- The Cotton warp has a pearlescent sheen.

## NOTES

- Each sample is a small version of a full-sized rug.
- Lead time may be increased due to production demand. For current lead times, please contact your Merida representative.
- Natural fibers reflect slight variation in color, so samples may vary slightly from the finished rug you receive. The resulting imperfection gives the rug its unique character.
