PDW LIGHTS

Subcomponents from USA, Japan and Taiwan are selected for quality and reliability, ensuring long term performance.

Design is simple and elegant, they just look good on your bike.

Packaging is made with recycled material, not big 'ol plastic clamshells.

1% of revenue from our light sales goes to nonprofit organizations dedicated to protecting the environment.

Our customer service is amazing. If you have any questions about your light just shoot us an email or give us a ring.
