

ChiroNutraceutical®

ACTIFLEX PAIN RELIEF & HEALING CREAM

WHY TAKE ACTIFLEX?

ActiFlex is purposely designed to provide immediate relief from many common conditions such as arthritis and other causes of muscle and joint pain. It applies easily and penetrates quickly to relieve aches and pains related to sore muscles and joints, sprains, strains, and bruises. It can be applied to body parts such as the hand, wrist, elbow, foot, ankle, knee, hip, back, neck and shoulders for **both RAPID Relief and Long Term Benefit!**

ActiFlex is a cutting-edge breakthrough in localized pain relief, and provides aid in inflammation reduction and healing. Strategically containing 11 unique ingredients that are delivered transdermally, ActiFlex delivers the ingredients deep into muscles, nerves, ligaments & tendons. ActiFlex addresses the immediate relief of pain with the use of “heat” and “cold” to increase local blood flow as well as stimulate nerve endings. The Flex™ delivery system then delivers key ingredients deep into the muscles, nerves, ligaments and tendons to aid in reducing the inflammation. All the active ingredients work synergistically to help get you pain free as soon as possible!

Active Ingredients Include:

Capsaicin, Menthol, Camphor, MSM, DMSO, Alpha Lipoic Acid (ALA), Hyaluronic Acid (HLA), Glucosamine, Arnica, Curcumin, and Vitamin E
