Place Right Foot Here.

Note

To print this graphic, you must (with socks) on the floor with select the printing option on your printer to 100% scale. After you print, measure the black square, if it measures 1" x 1" then the graphic is correct and printed to scale. After you have printed this graphic, tape it onto a wood or measurements and suggested tile floor, have your child stand size to the right of the graphic

their **right foot** on the graphic's insole outline and place a ruler where the heel of the printable starts and mark where their longest toe ends. Choose the line you can fully view above your mark. Refer to to select your size.
