

## Factory Direct Hearing - FDA Waiver

I acknowledge that I am 18 years of age or older and that I have been advised by Factory Direct Hearing (factorydirecthearingaids on eBay) that the Food and Drug Administration (FDA) has determined that my best health interest would be served if I had a medical evaluation by a licensed physician (preferably a physician who specializes in diseases of the ear) before purchasing a hearing aid. I do not wish a medical evaluation before purchasing a hearing aid.

If you have or think you may have any of the following conditions, Factory Direct Hearing advises you to consult promptly with a licensed physician (preferably an ear specialist) prior to purchase:

- Visible deformity of the ear
- Fluid or drainage from the ear within the past 90 days
- Sudden, rapidly progressing, or fluctuating hearing loss
- Spells of acute or chronic dizziness
- Hearing loss only on one side that worsened in the past 90 days
- Ear canal blockage, a lasting ear infection or a plugged up fullness feeling
- Excessive wax buildup, or a history of excessive wax buildup
- Pain or discomfort in the ear
- Ringing in one or both ears within last 90 days

You are purchasing a hearing aid based upon the information you have submitted to Factory Direct Hearing. Any examination or representation made by a hearing aid provider or audiologist in connection with the practice of dispensing, fitting, or dealing in hearing aids is not an examination, diagnosis, or prescription by a person licensed to practice medicine and, therefore, must NOT be regarded as medical opinion or advice. A hearing aid will NOT restore normal hearing, nor will it prevent further hearing loss.

It is also recommended that an Otoscopic exam is performed before the purchase of a hearing aid.
