

# PANS AND BOWLS

## *CCi's Produce Scale*

These scales fit nicely in the produce section of your local supermarkets.

They are quickly replacing the hanging scales used in the past!

They are more consumer friendly and have been accepted by the disabled as much easier to use.

# HANGING SCOOPS OR PANS

Two types of attachments  
for your hanging scales.

The pan is stainless steel  
for wet or where more  
sanitary environments are  
required.

The scoop is galvanized  
steel for more industrial  
usage.

Both are heavy duty and  
long lasting.
