FALL/WINTER 2017

Sparkle Like You Mean It

Let's face it, sometimes we just need a little extra sparkle in our days. A mini re-invention each season keeps things fresh, interesting, and sparkly.

For our Fall/Winter 2017 collection, we added sparkle with micro pavé. Tiny rows of simulated diamonds added to some of our most popular sterling silver and 18c gold vermeil pendants and earrings.

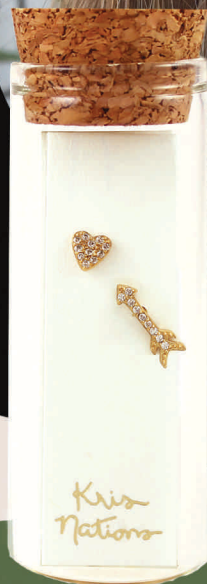

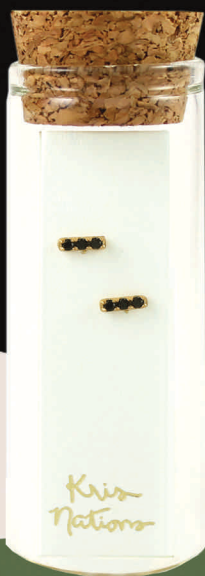

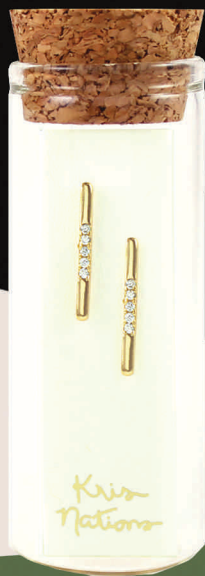

We also added fresh, on-trend chain chokers, ear cuffs, huggie hoops, blinged out bracelets, vintage style locket and more to keep the season fresh and new.

All of our pieces are sterling silver or 18c gold vermeil, which means the jewelry will maintain its sparkle.

XOXO,
Kris and Kim
