SHUN PRO SHO YANAGIBA 20.9CM KNIFE

True to its name, the Shun Classic Pro Yanagiba has a long, thin 'willowy' blade with the traditional Japanese single-bevel edge and hollow-ground back. It is designed to be pulled through the food, reducing loss of the natural juices and creating the cleanest cuts imaginable. The Yanagiba is most often used for preparing sashimi, or sliced raw fish, and is excellent for slicing meats and other moist foods as well. Shun offers three sizes of yanagiba slicing knives. At 8¼ inches, this is the shortest one – ideal for slicing smaller roasts and medium-sized fish. \$309.95. www.shunaustralia.com.au

EDENVALE ALCOHOL REMOVED WINE

Edenvale alcohol removed wine makes it possible to do just that. Unlike most other non-alcoholic beverage alternatives, Edenvale wines are wines, made from varietal wine grapes, using traditional wine-making methods. Maintaining all the flavour, characteristics and varietal integrity of traditional blends, Edenvale removes the alcohol at the final stage of the wine-making process, leaving behind the health benefits of fermentation but cutting out the alcohol content – and your hangover. Edenvale's range of wines are perfect for pregnant women, those abstaining from alcohol for various reasons, and health conscious consumers who still want to enjoy the social aspect of having a drink – without having a drink. Heroes of the comprehensive range include a well-balanced and smooth Chardonnay, a fresh and fruity Sparkling Cuvee, and a Shiraz with flavours of dark plummy fruit and spice. With roughly half the calories of standard wine, you'll not only wake up without the hangover, you'll also be able to have a great night out – wine glass full and in hand – without ruining your diet, or the morning after. Available now from Coles, Woolworths, IGA, Dan Murphy's and FoodWorks for \$9.49 (750ml bottle). edenvale.com.au

ENBACCI HOMEWARES RANGE

Enbacci's leading three-step skincare system, Vitis Vinifera, contains the nourishing benefits of the purple grape and is scientifically proven to strengthen, shape and improve the structural and aesthetic integrity of human skin. During scientific studies prior to its release, the scent profile of the Vitis Vinifera range was shown to offer a number of sensory benefits to 96% of its users; evoking a sense of relaxation and familiarity, and elevating mood and general happiness. Collaborating with a local Melbourne fragrance house, Enbacci today enters the homewares market by releasing two home fragrance products, a hand-poured soy wax candle and scented oil diffuser, based on the Vitis Vinifera skincare range. Enhancing ambiance and mood, both products include notes of citrus fruits, green tea and bergamot, as well as Enbacci's exclusive Vitis Vinifera 'happy' scent.
