

Screw

Designed by Eero Aarnio 1991

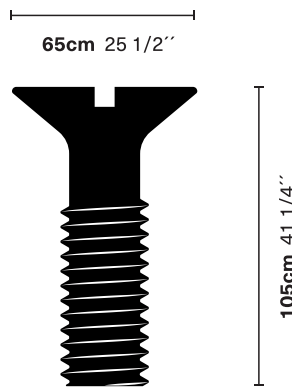

Eero's approach to industrial design has often seen simple and hidden forms become real and visible objects. Screws are used in most pieces of furniture – but the Screw table loses its hardware association and becomes part of a household in a new way.

Dimensions:

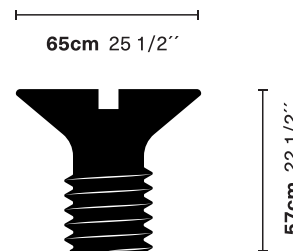

LARGE

65 cm diameter x
105 cm height

SMALL

65 cm diameter x
57 cm height
