

# Functional Botanicals

## The New Standard of Clean

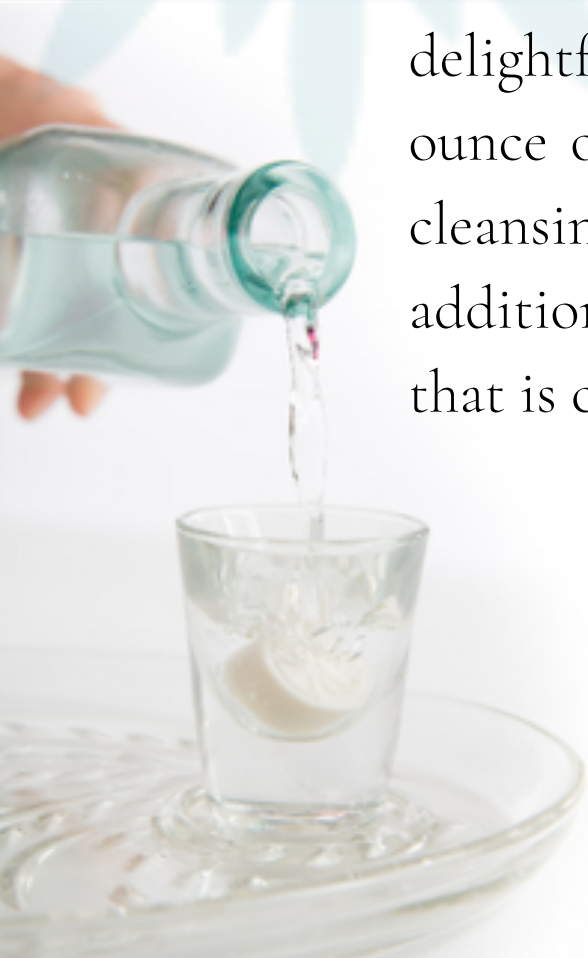

Functional Botanicals is delivering a new standard of clean with unique aromatherapy-infused towelettes.

- ALL NATURAL
- BIODEGRADABLE
- PH BALANCED
- RADIANT AROMATHERAPY
- PORTABLE
- CONSERVES WATER
- SUSTAINBLE
- UNIQUE AND AESTHETIC

# *The Ritual of Clean*

Functional Botanicals towelettes start out as a compact coin the size of nickel and are infused with a radiant blend of essential oils and botanicals that are delightfully aromatic, cleansing, and nourishing to the skin. Add less than an ounce of water (about 2 TBS) and the tablet opens to an 8" x 11" personal cleansing towelette. The bamboo is soft, durable, and biodegradable. An additional plus blend offers essential oil-infused towelettes with Castile soap that is clinically proven to disinfect.

*Just add Water, Unroll and  
Enjoy*

# *Pure Botanicals*

Functional Botanicals wipes have minimal ingredients. Other wipes have 15 - 30 ingredients, many of which are caustic and potentially harmful to the skin. Functional Botanical's Dry Wipes have only pure organic or wildcrafted botanicals, formulated to nourish and cleanse, while not harming the skin's delicate landscape. No chemicals, No preservatives.
