

# Electric coin cell crimping machine

EQ-ECCM is an Electric Coin Cell crimping machine for three popular size cells CR2016 CR2025 and CR2032. Optional other size dies are available. Die sizes include 16mm 19mm and 20mm. Compact and convenient to be used with in Glove boxes. Built in pressure gauge. Adjustable pressure settings gives opportunity to produce cells with consistent quality compared to manual crimper. Solid robust design for longer life.
