where children blossom...

Love Letters

Initial Letter-Sound Matching

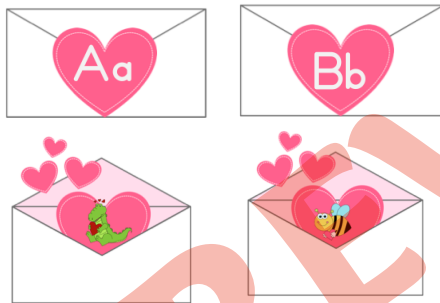

Contents and Suggestions for Use

You can use these printables in a variety of ways to reinforce letter-sound skills. Try the following suggestions, or come up with your own!

Suggestion 1: Cut out the hearts and put in ABC order

Suggestion 2: Cut out the closed and open envelop cards and match the letters to the pictures with the correct initial sound.

Suggestion 4: Cut out the heart labels and attach to small envelopes. Cut out the heart-picture cards. Have the children put the heart-picture cards into the correct envelope. In the image below, I have embellished the envelopes with a little washi tape.

Suggestion 5: Have the children make their own envelopes and fill them with the correct picture. I like this as a variation on making a booklet. If a child is working on a particular group of letters, she may want to make one envelope and collect the pictures that start with those letters.

Print out the black and white pages on colored construction paper

Cut apart the heart-pictures and place in a basket so the children can select the ones they need. Either pre-cut the hearts or have the children cut them if they have the scissor skills to do so.

Fold the large heart to make an envelope. You can tape the sides if desired. Label the front with marker and put the correct pictures inside. Seal with a heart sticker if desired.

Thank you for your purchase!

If you are unhappy with anything, please email me at TPT@trilliummontessori.org and I will do my best to make things right.

If you find this product useful, I would appreciate [feedback](#) and a rating. Follow me on [Teachers Pay Teachers](#) to be the first to hear about new products. (I post freebies more often than paid products!)
