

ET07

TURF CUTTER

 **MADE IN
BRITAIN**

► SEE WEBSITE

The **CAMON ET07** simplifies the task of turf removal. Combining power and compactness, it's constructed with top-grade components. Designed for longevity and consistent performance, the ET07 will remain a dependable tool in your arsenal for years to come.

CAPABILITIES

Compact yet robust, the **CAMON ET07** effortlessly tackles tasks that would otherwise be time-consuming and labour-intensive.

Within moments, it can strip a grassy surface down to the bare soil, priming it for your next project. Its size allows for easy manoeuvrability in tight spots, as well as convenient storage and transport.

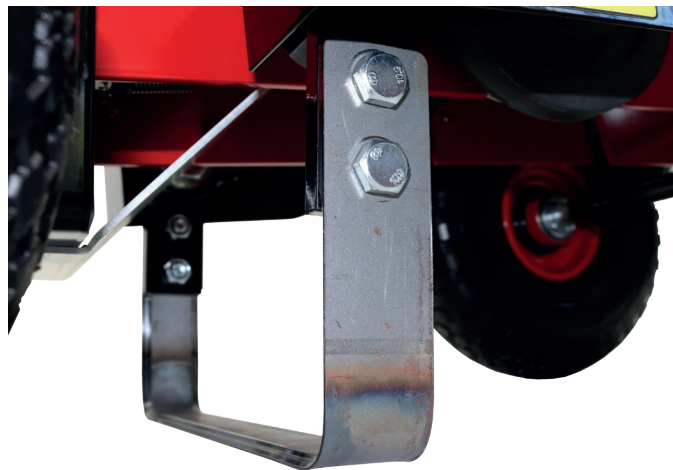

With the **CAMON ET07**, users can trust in its enduring build quality, promising years of reliable service. The grass cutting blade is made from specialty steel, guaranteeing longevity, while its drive mechanism is constructed from high quality components to ensure reliability.

The **CAMON ET07** also offers a choice of drive wheels, that allows the user to choose between levels of traction. The agricultural wheels offer a more aggressive drive.
