**IMPORTANT SAFEGUARDS**

When using electrical appliances, basic safety precautions should be followed, including the following:

1. Read all instructions before using.
2. Do not touch hot surfaces. Use handles.
3. To protect against electric shock and injury to persons do not immerse cord, plug, water tank or appliance in water or other liquid.
4. Close supervision is necessary when any appliance is used by or near children.
5. Unplug from outlet when not in use and before cleaning. Allow to cool before inserting or removing parts, and before cleaning the appliance.
6. Do not operate this appliance with a damaged cord or plug. If the appliance malfunctions or has been damaged in any manner, return appliance to the nearest authorized service facility for examination, repair or adjustment.
7. The use of accessory attachments not recommended by the appliance manufacturer may cause fire, electric shock or injury.
8. Use on level surface and be sure there is no debris under the unit and the rubber pads are touching the surface.
9. Household use only. Do not use outdoors.
10. Do not let cord hang over edge of table or counter, or touch hot surfaces.
11. Extreme caution must be used when moving an appliance containing hot liquids.

This device complies with Industry Canada license-exempt RSSs. Operation is subject to the following two conditions:
1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

FEATURES

- **Features 2 Warming Modes:**
  - Steady Warm Mode: A warm water bath gently heats milk to body temperature, preserving essential nutrients found in breast milk, which can break down at high temperatures.
  - Quick Warm Mode: Steam is used to safely & efficiently heat formula or milk fast.
- **Simple Defrost:** Safely defrost frozen breast milk pouches.
- **Easy-to-use control panel:** Allows you to set up your warmer whether starting with cold or room temperature milk.
- **The Baby Brezza App** lets you control the warmer from your smartphone and alerts you when your bottle is ready.
- **Works with all bottle types.** Remember, bottles made of different materials and construction heat at different rates. Try a higher or lower setting if your bottle is too cold or too warm. Always remove venting systems when warming. Bottles with bottom venting systems may leak when heating.

USING THE SAFE+SMART BOTTLE WARMER® MOBILE APP

The bottle warmer can be set up straight from your smartphone or tablet. Download and install the Baby Brezza Bottle Warmer App available on the app store & Google Play. Bluetooth is required on your mobile device to connect to the Safe+Smart Bottle Warmer.

1. **Always remove venting systems when warming.** Bottles with bottom venting systems may leak when heating.

2. Press on the warmer and touch on your mobile device to connect.

PLACE THE BOTTLE INTO THE WARMER AND ENSURE THAT THE TABS AROUND THE BOTTLE TRAY ALIGN WITH THE SLOTS IN THE BOTTLE WARMER.

CHOOSE A HEATING MODE: STEADY OR QUICK

**STEADY**
- warm water heat

**QUICK**
- steam heat

DETAILS FOR EACH MODE ON THE FOLLOWING PAGES
1. Fill the bottle warmer with water until it matches the level of the milk inside the bottle. Always use room temperature water for best heating results. Using warm, hot or cold water will result in inaccurate or dangerous bottle temperatures.

2. Close the bottle warmer cover.

3. Press  to turn on machine.

4. Use the setting guide on the back of this manual to determine the setting for your bottle. Make sure to select the correct bottle size and material.

5. Identify the starting temperature of your bottle.
   - If your bottle is room temperature (approximately 70F/21C) press repeatedly to select your setting.
   - If your bottle is cold (refrigerated 39F / 4C) press repeatedly to select your setting.

6. Press to begin heating.

7. Warmer will beep when bottle is ready. Remove bottle immediately after warming is complete, swirl bottle gently and check temperature before feeding baby.

   *Fill warmer with water to level of milk in the bottle.*

   *If you are warming multiple bottles, allow the bottle warmer to cool before warming the next bottle.*

---

**QUICK WARM**

1. Fill the measuring cup (included on the back of the warmer) with room temperature water. Do not use warm, hot or cold water, which will result in inaccurate or dangerous bottle temperatures. Empty the measuring cup into the warmer as shown. Water level will be at the “Quick Warm” fill line - see arrow below.

2. Close the bottle warmer cover.

3. Press  to turn on machine.

4. Use the setting guide on the back of this manual to determine the setting for your bottle. Make sure to select the correct bottle size and material.

5. Identify the starting temperature of your bottle.
   - If your bottle is room temperature (approximately 70F/21C) press repeatedly to select your setting.
   - If your bottle is cold (refrigerated 39F / 4C) press repeatedly to select your setting.

6. Press to begin heating.

7. Warmer will beep when bottle is ready. Remove bottle immediately after warming is complete, swirl bottle gently and check temperature before feeding baby.

   *Fill warmer with water to the Quick Warm Fill line.*

   *If you are warming multiple bottles, allow the bottle warmer to cool before warming the next bottle.*

   *Please note: the quick warm mode uses steam to warm bottles. Please use caution when opening the lid after warming cycle is complete. Always use the orange tray to remove the bottle from the warmer and avoid touching any hot areas of the bottle warmer. Outside of warmed bottle may be hot immediately after warming.*
DEFROSTING FROZEN MILK POUCHES
To use the defrost setting, place a frozen milk pouch into the warmer and fill water to the line of the milk in the pouch.
Press the temperature setting until the “F” icon is displayed on the LCD screen.
Then press to begin heating.

CLEANING THE BOTTLE WARMER
Always allow warmer to cool before cleaning
1. Unplug the bottle warmer and remove the bottle tray from the base.
2. Carefully pour out any remaining water inside the base.
3. Wipe all parts dry before next use. If necessary, wipe base exterior with damp cloth. Do not use scouring pads, abrasives or solvents for cleaning.

DE-SCALING THE BOTTLE WARMER
It is very important to de-scale this appliance every 4 weeks to ensure that it continues to work properly.
Pour all remaining water out of the water chamber. To de-scale, mix 2oz (60ml) of white vinegar with 4oz (120ml) of cold water into the water chamber, and then run one heating cycle on setting 5 until any scaling has been removed. Please ensure proper ventilation when descaling with vinegar.

If you cannot remedy problem with the machine by using the troubleshooting chart above, do not return your Formula Pro® to the store. Please contact Customer Service at 1-888-396-4552. Any other servicing should be performed by an authorized service representative.
CUSTOMER SERVICE
If you are experiencing problems with your Baby Brezza Safe + Smart Bottle Warmer, please call our Customer Service department at 1-888-396-6552 before returning the product so that we can offer you our best service customized to your particular situation.
Please register your Safe + Smart Bottle Warmer at babybrezza.com/register.

LIMITED 1-YEAR WARRANTY
The limited warranty is valid only on products bought through authorized resellers and used in the United States and Canada. Buying through an unauthorized reseller or using this product outside of the United States and Canada automatically voids this warranty.

This warranty is available to consumers only. You are a consumer if you own a Baby Brezza Safe + Smart Bottle Warmer that was purchased at retail for personal, family or household use. Except as otherwise required under applicable state law, this warranty is not available to retailers or other commercial purchasers or owners. We warrant that your Baby Brezza Safe + Smart Bottle Warmer will be free of defects in material or workmanship under normal home use for one year from the date of original purchase. Customer will be required to present original proof of purchase in order to obtain the warranty benefits. In the event that you do not have proof of purchase date, the purchase date for purposes of this warranty will be the date of manufacture. If your Baby Brezza Safe + Smart Bottle Warmer should prove to be defective within the warranty period, we will repair it or, if we consider it necessary, replace it. To obtain warranty services, please call Customer Service at: 1-888-396-6552, customerservice@babybrezza.com or write to: Baby Brezza, 250 Passaic Street, Newark, NJ 07104 Attn: Customer Service.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
