

Transmitter Doorbell with Button

Alerts you to arrivals, mounts at entranceways where there's no existing doorbell.

You have a visitor! Gain an alert when a guest arrives at your door with the Medallion™ Series Doorbell Transmitter with Button. Supplied with a button for mounting at your entranceway, it connects by wire to a compact transmitter you'll position nearby. When someone presses the button, the transmitter signals any Medallion™ Series Receiver. Intended for installation where there is no existing wired doorbell, it operates on two AA batteries.

Features/Benefits

- > Signals when a visitor pushes the doorbell button
- > Works with all Medallion™ Series Receivers
- > Operates with million-code technology designed for apartments, condominiums, dormitories, hotels and public housing to ensure you never get fault alarms from neighbors using other RF-based products; also ideal for use in single-family homes
- > Installs easily in applications where there is no existing wired doorbell
- > Operates on two (2) AA batteries (included)
- > Includes a low-battery indicator light
- > Features the Silent Call 5-Year Limited Warranty

Specifications

Power: Two (2) AA batteries (included)

Range: Up to 500 feet, depending on conditions or receiver used

30-Day Return Policy If Not Completely Satisfied

5-Year Limited Warranty: This Silent Call product is warranted to be free of defects in material or workmanship for five years from the date of initial purchase. During that time, the unit will be repaired or replaced free of charge (three- to five-day turnaround) when shipped prepaid in original packaging to Silent Call Communications. This warranty is void if the defect is caused by customer abuse or neglect.
