Transmitter
Wireless Doorbell

Features/Benefits

> Signals when a visitor pushes the doorbell button

> Works with all Medallion™ Series Receivers

> Operates with million-code technology designed for apartments, condominiums, dormitories, hotels and public housing to ensure you never get fault alarms from neighbors using other RF-based products; also ideal for use in single-family homes

> Combines the doorbell button and transmitter in one compact unit

> Mounts easily with two (2) small screws (included)

> Operates on one (1) 12-volt battery (included)

> Includes a low-battery indicator light

> Features the Silent Call 5-Year Limited Warranty

Mounts at entranceways without doorbells, notifies you when family members or friends arrive.

When visitors come calling you'll gain an alert with the Medallion™ Series Wireless Doorbell Transmitter. If a family member, neighbor or someone else presses the button, it transmits a signal to any Medallion™ Series Receiver. Battery operated and not intended for wiring to existing doorbell circuitry, it is ideal for homes without doorbells, or for side doors or back doors where doorbells have not been installed. It combines the doorbell button and transmitter in one compact, easy-to-install unit.

Specifications

Power: One (1) 12-volt battery (included)

Range: Up to 200 feet, depending on conditions or receiver used

30-Day Return Policy If Not Completely Satisfied

5-Year Limited Warranty: This Silent Call product is warranted to be free of defects in material or workmanship for five years from the date of initial purchase. During that time, the unit will be repaired or replaced free of charge (three- to five-day turnaround) when shipped prepaid in original packaging to Silent Call Communications. This warranty is void if the defect is caused by customer abuse or neglect.
