

Transmitter Weather Alert

Storms approaching? Receive an alert when severe weather alerts are issued.

Become aware of potential emergencies with the Medallion™ Series Weather Alert Transmitter. It works with any compatible weather alert radio and transmits a wireless signal to any Medallion™ Series Receiver when the NWS (National Weather Service) broadcasts a warning. Offering a simple, plug-in connection to the radio, it is powered by two AA batteries.

A better way to stay in touch™

Features/Benefits

- > Alerts you to NWS (National Weather Service) warnings
- > Works with all Medallion™ Series Receivers
- > Operates with million-code technology designed for apartments, condominiums, dormitories, hotels and public housing to ensure you never get fault alarms from neighbors using other RF-based products; also ideal for use in single-family homes
- > Plugs into any compatible weather alert radio
- > Operates on two (2) AA batteries (included)
- > Includes a low-battery indicator light
- > Features the Silent Call 5-Year Limited Warranty

Specifications

Power: Two (2) AA batteries

Range: Up to 500 feet, depending on conditions or receiver used

30-Day Return Policy If Not Completely Satisfied

5-Year Limited Warranty: This Silent Call product is warranted to be free of defects in material or workmanship for five years from the date of initial purchase. During that time, the unit will be repaired or replaced free of charge (three- to five-day turnaround) when shipped prepaid in original packaging to Silent Call Communications. This warranty is void if the defect is caused by customer abuse or neglect.
