### **T Series – Soft Touch® for Turf Bases, Home Plate, and Pitching Rubber; Installation Instructions**

**Thank you for choosing Soft Touch® Bases!**

These instructions should be read thoroughly before installation. If there are questions concerning the installation or use of these bases, consult Soft Touch® Bases before using them.

The patented Soft Touch® base is designed for easy installation and maintenance. It is designed for use on synthetic playing fields.

**The Soft Touch® for Turf is not a “progressive release” or “pop-off” style base. It is considered a “throw down” base. Also, it is not a stationary base.**

Our unique design requires no mounting system and sits securely on the synthetic turf. Simply measure and mark the location for each base and place the base on the field. Easy to install, Soft Touch® for Turf can remain on the field year round or set up for game-time.

#### **Warranty**

Soft Touch® bases are warranted against defects in materials and workmanship when used in a usual and customary manner for one year (defined as a regular season of normal length for softball or baseball). Warranty is void if any changes are made to the original mounting system or not installed as per installation instructions. **Proof of purchase is required in the form of dealer PO number, Invoice number, or any other documentation that will verify when products were purchased.** Normal wear and tear is excluded from coverage. **Pictures of defective merchandise are required** and the Manufacturer may request that merchandise be returned before any warranty adjustment will be made. The liability of the Manufacturer for a warranty is limited to either a refund of the purchase or replacement of the defective product.

#### **Disclaimer**

**Be advised that sliding into a baseball/softball base may cause serious and permanent injury. No base, however constructed or designed, can prevent all injuries and the Soft Touch® base is no exception. The Manufacturer advises that deviation from installation instructions, failure to properly install and maintain bases, and failure to properly groom playing surfaces around bases and home plate area, could increase the risk of injury to players. Under no circumstances should these bases or base anchors be modified, altered, tampered with, or used when they are damaged, as serious injury may occur. Buyer is responsible for furnishing proper installation instructions to the purchaser.**
