CORPORATE PERSONALISED GIFTS

We are there when you can't be. Send some love in the post today...

Cartalia is proud to launch a new concept of fully personalised boxed gifts to share during these unprecedented times.

With over 20 years experience as printers & laser cut specialists we have created a luxury box collection of festive designs offering a unique gift experience to your clients. With gifts such as scented candles, engraved glasses and chocolate boxes our designs have fine laser cutting, foiling and embossing treatments.

Associate your brand with a soothing smell of cinnamon at the office or the sweet scent of lavender at home. Each Luxury Candle Box contains a custom mould to hold the candle and encompasses three personalised logo placements.

WHEN YOU ORDER WITH US YOU WILL RECEIVE:

- A premium soy candle in frosted glass with up to 80 hours burning time with a choice of four scents
- Your logo engraved using a laser etching technique on the wooden lid
- A Printed label on the Candle with your Christmas message or logo
- Printed wishes on inner lid of the box
- A Luxury box in a range of colours with your logo framed by unique laser cutting, foiling and embossing styles.

OUR CLIENTS:
