DFC-1 STANDARD TEMPERATURE CONTROL
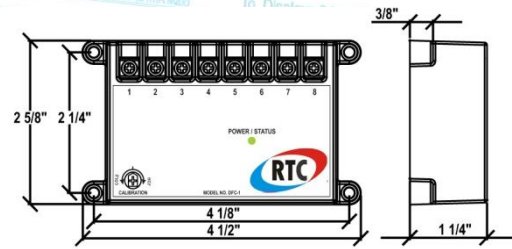

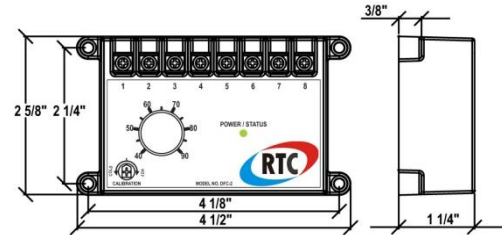

24 Volt AC input
Built in 15 second low fire start timer
0-24 Volt DC modulating output
Remote temperature selection
Calibration trim pot
Fits ¼" wiring terminals
Mounting footprint matches other industry standard controls
Rated for -40°F (-40°C)

DFC-2 TEMPERATURE CONTROL w/ INTEGRAL 40°F-90°F SELECTOR

24 Volt AC input
Built in 15 second low fire start timer
0-24 Volt DC modulating output
Integral temperature selection
Calibration trim pot
Fits ¼" wiring terminals
Mounting footprint matches other industry standard controls
Rated for -40°F (-40°C)

# DFTD TEMPERATURE SELECTION DIAL

5 Selectable temperature ranges with one dial
    40°F-90°F (4°C-32°C)
    80°F-130°F (26°C-54°C)
    120°F-170°F (48°C-26°C)
    160°F-210°F (71°C-99°C)
    200°F-250°F (93°C-121°C)
Combine dials for dual temperature selection
Fits ¼" wiring terminals
Mounting footprint matches other industry standard controls

DFTS TEMPERATURE SENSOR

40°F-250°F (4°C-121°C) temperature range
Fits ¼" wiring terminals
Mounting footprint matches other industry standard controls

DAT DISCHARGE AIR TUBE

Galvanized construction
Mounting footprint matches other industry standard controls
