OoMaLoo Handmade Toys (Exclusive USA Distributor)

HIGH-QUALITY, DURABLE, LONG-LASTING TOYS

All OoMaLoo dog toys are handmade with care for maximum durability. The 'furry' portions are made from a high-quality, non-shedding polyester yarn, which helps make them especially strong and long-lasting. The design features and details are made from a contrasting acrylic yarn that brings life to each toy. Not only are they fun to buy, they each contain at least one industrial-strength squeaker, which is made of non-toxic materials and are exclusively designed for us.

We are building our inventory so that we can ensure we have plenty of toys for all of the dogs and cats out there who need them, but remember that these toys are handmade and not all of them will be in stock regularly. So grab the ones you love now!

We have vast assortment of designs, including:

- Balls (Small, Medium, Large - 4 different colors)
- Animals (Bear, Gecko, Squirrel, Turtle, Octopus, Owl, plus many more)
- Foods (Carrot, Chili Pepper, Ice Cream Cone, Tomato, Watermelon, etc)
- Shapes (Heart, Skull, Trio, Tug-A-Roo, etc)

SUPPORT A CAUSE

OoMaLoo toys are manufactured in Turkey and handmade by women who reside in economically-challenged, multi-ethnic neighborhoods of Anatolia. Needlework is one of the few ways these women have to earn income and creating these pet toys is one way they can express their creativity and extraordinary skill set. With each beautiful item, they share a part of their history, their culture, and their lives.

Mendota Pet is proud to support these amazing toys and we promise you won't be disappointed - these toys are some of the most loved, highly-prized, durable toys in the world!
