

WINE TASMANIA presents your guide to exploring TASSIE WINE ... with things to see and do along the way.

WINE MANIA

Established in 2006, Wine Tasmania is the peak body promoting the coolest wine region on the planet.

WINE TASMANIA

Level 5, 29 Elizabeth Street, Hobart TAS 7000 T (03) 6223 3770 E mail@winetasmania.net.au

Information regarding the Tasmanian wine sector is also available at WWW.WINETASMANIA.COM.AU

© 2023 Wine Tasmania

Wine Tasmania acknowledges the Aboriginal people as the traditional owners of lutruwita/Tasmania, our island home. Our vines have their feet in the ancient soils of lutruwita and benefit from the water that generously falls on this island. Our grapes breathe and thrive in the island's crisp fresh air and our vineyards are planted along our precious waterways, which moderate vineyard temperature and help to protect them from frosts. We therefore thank and pay our respects to the Tasmanian Aboriginal communities, elders past and present and recognise their deep and spiritual connection to this amazing place, lutruwita.

DISCLAIMER: Wine Tasmania has made every endeavour to ensure that details are correct at the time of printing (September 2023) but can accept no responsibility for any inaccuracy contained in this publication as a result of information supplied, and can accept no responsibility for subsequent changes or withdrawal of details or services shown.

CONGRATULATIONS
ON EXPLORING
AUSTRALIA'S
COOLEST WINE
REGION

(OK, we may be a little biased, but we are sure that you will thoroughly enjoy the delicious wine from our little island with latitude).

SO WHY ARE TASSIE'S WINES SO AWESOME?

- This island and its climate produces some of the best wines on the entire planet
- Our people (Tasmanians) are the best kind of people, particularly the ones that grow and make things
- · Sparkling wine (yum)
- · Pinot Noir (the "heartbreak" grape)
- Riesling, Chardonnay, Pinot Gris, Shiraz (or Syrah, for the refined) and all sorts of other wonderful, delicious grape varieties call Tasmania home

Unbelievably, we almost didn't have a wine sector at all!
For many years the island's wine producers were told that growing grapes here couldn't be done - Tassie was too cold, too remote, too unpredictable. In the spirit of never taking no for an answer, the island's wine folk have battled, persevered, experimented, innovated and persevered some more.

Check out Wine Tasmania's
website – www.winetasmania.com.au
– for further information on the island's
wine scene, contact details for wine
producers and more.

Remember... Quality not Quantity

DON'T BE THAT PERSON. In Tasmania, it is all about quality, not quantity. Wine Tasmania encourages responsible consumption of alcohol and recommends the following: don't drink on an empty stomach, drink plenty of water, use spittoons, take a guided wine tour with one of the many specialists (check out their ads in this Guide!). Or, if you plan to drive, choose a designated driver.

lutruwita / Tasmania (or Tassie, as the locals know it) is one of the most spectacular places in the world. Lush green corners of paradise, picture-perfect beaches, snow capped mountains, breathtaking forests, waterfalls and lakes – you'll find just about every kind of scenery across our landscape. Not to mention cute, cuddly and curious wildlife.

You'll quickly find that Tasmania's vineyards are generally not found on flat land but follow the curve of a valley. Rocky outcrops and windy hilltops challenge the hardiest of vine roots and the most committed of grape growers. This makes for diverse and distinctive wines – ancient soils vary wildly from one side of the creek to another and no two vineyards or vintages are the same. You'll be able to taste the flavours of the season in each glass.

From converted heritage stables to ultra modern cellar doors, chat and kick the dirt with our wine producers to find out why they have chosen to grow grapes and make wine in these extreme conditions on the edge of the world.

Although Tasmania is classified as one region, vineyards stretch right across the island. In this guide the seven distinct growing areas are divided into four wine touring trails. All are within easy reach of major centres and are located along the journey to some of Tasmania's iconic attractions and experiences.

Tasmanian wine is also perfectly crafted to complement our island's produce, so find a world class view (there are plenty) and feast like a local. For some more culinary inspiration, see some of our favourite wine and food pairings on the next page.

VARIETAL WINE TRAILS: FOLLOW YOUR OWN PATH

If you have a favourite wine or two, you can create your own itinerary focusing on your preferred tipples. Create your own Sparkling or Pinot Noir Wine Trail – or whatever takes your

fancy. All you have to do is visit www. winetasmania.com.au/wine-trails and select your favourite varieties.

OTHER THINGS TO SEE AND DO

You will find some information in this guide on other things you might like to see and do as you're travelling around. You'll also find loads of information to help you plan your visit at www.discovertasmania.com.

You may also like to explore complementary food and beverage trails during your visit, such as the Tasmanian Cider Trail www.tascidertrail.com, Whisky Trail www.taswhiskyandspiritstrail.com.au and Seafood Trail — www.discovertasmania.com.au/things-to-do/road-trips/seafood-trail.

TASSIE PUTS ON AN IMPRESSIVE SPREAD ...

(And everything tastes better with a glass of great wine in hand).

There are more than a few great pairings on the (groaning) Tasmanian table.

Because Tassie wine and food go together like ... well, wine and food!

P.S. don't forget to share your Tassie Wine adventures!

NORTH WEST

Wine Trail

THEY STAND BY A RECIPE IN THE NORTH WEST. LUSH. BOUNTIFUL. WELCOMING. UNTAMED. AND A GOOD DOSE OF FINE PRODUCE STRAIGHT FROM THE SOURCE. WE'RE TALKING FARM STALLS FLANKED BY RICH RED SOILS AND CRAYS PLUCKED STRAIGHT FROM THE OCEAN BY FRIENDLY SMALL-TOWN FOLK.

Beneath broad skies, nature's dance stretches from ancient Cradle Mountain to sandy coves dotting Bass Strait. In these parts, take your time and don't forget to breathe deeply. After all, the winds of the Roaring Forties deliver some of the freshest air on the planet.

After driving through the fertile growing areas of the region, it's only natural that you'll be keen to taste what they are producing. Local cooks and chefs will present you with the best the region has to offer. They showcase more than nourishment – they're offering you a link to the growers and the land they love. Every mouthful savoured in the North West becomes more special when you learn the stories behind the outstanding food and beverages on offer.

Experience first hand the supremely fresh fruit and vegetables sourced from roadside stalls or the paddock to plate experience of eating food sourced from local ingredients. The region is fringed with mountain tiers where the soft water from snowmelt rivers nourishes the surrounding fields and crops.

Sample seaside berry farms, highland truffles, artisan cheese and the wine – definitely the wine.

Generosity and token dairy cows come standard. That's the simple, pure, time-honoured recipe that awaits your visit.

For more local touring information head to northwesttasmania.com.au.

TAMAR VALLEY

Wine Trail

NORTHERN lutruwita/TASMANIA IS A FEAST OF HISTORIC STREETSCAPES AND HERITAGE ESTATES, RICH FARMLAND, A VIBRANT FOOD SCENE AND A HAVEN FOR ARTISANS EAGER TO SHARE THEIR WORK.

Launceston is a vibrant hub for food, wine and culture. An abundance of farm fresh produce, vineyards, distilleries, cooking schools and dining experiences make this part of Tasmania irresistible to lovers of great food and distinctive drinks.

Just minutes from the centre of town Cataract Gorge marks the dramatic beginnings of kanamaluka/the Tamar River before this expansive waterway wends its way north to the open ocean. As you drive downstream from Launceston, the meandering roads that wind along the banks of the river will take you past cellar doors, lavender plantations, strawberry farms and orchards snuggled side-by-side. There are some magnificent vineyards around the valley offering superb views and gourmet experiences. Many of the makers will personally greet you and happily spend time talking about their craft.

On the eastern side of the Tamar River you will find the vineyards of Pipers River,

which spans this inland area almost right the way to the coast. Flat land becomes a little harder to find here – vineyards extend from the hilltops to the valleys below and have their roots planted deeply in the rich red volcanic soils. Elevation coupled with fresh sea breezes mean ideal conditions for making some of the world's most famous sparkling wine, paired perfectly with a seared scallop or two plucked from the ocean just to the North.

From the Tamar Valley to Pipers River in the north, through to Launceston and Relbia in the south, there are numerous vineyards all within easy driving distance of each other. With rich farmlands, dedicated makers, and quiet country roads, the Tamar Valley offers some of Tasmania's most enjoyable attractions.

For more local touring information head to northerntasmania.com.au.

TAMAR VALLEY

to HOBART

Open by Appointment

- Cataract Gorge is a rare natural phenomenon within a two-minute drive of central Launceston. With its rolling lawns, gardens, rotunda, swimming pool, footbridge and a chairlift across the river, not to mention the peacocks and wallabies – this may be Australia's most alluring urban reserve.
- Dine in style at one of Launceston's (many) excellent restaurants and wine bars.
- Experience lutruwita / Tasmania's rich mining history at the Beaconsfield Mine and Heritage Centre.
- Visit Evandale, one of the best preserved late Georgian/early Victorian historic townships in Australia or one of the nearby historic farming properties.
- Take to the water and cruise the hidden reaches of the Tamar River and the Tamar wetlands – a haven for local birdlife.
- Taste the region's freshest produce and wines every Saturday at Launceston's Harvest Market in Cimitiere Street.

OUR GRAPES ARE PRECIOUS

Our grapes and vines need to be very carefully nurtured in order to produce the outstanding wines you'll be enjoying as you travel around. Please do not enter any vineyards, as you may unknowingly be carrying unwanted pests or diseases that could cause great damage.

Our wine producers would love to give you the best possible experience, so let them know when you're coming! Be sure to contact cellar doors before you visit, as they may have limited capacity and require tastings, tours and experiences to be pre-booked.

DR ANDREW PIRIE

APOGEE TASMANIA

Pioneering Tasmanian winemaker Andrew Pirie chose a distinguished site for his two-hectare sustainable vinevard named APOGEE - the culmination of his career. Here he handcrafts renowned prestige sparkling cuvées, single vineyard wines expressing the exceptional terroir of the site. APOGEE is also heralded for its top tier Pinot Gris and Pinot Noir. Memories are made here ...

BOB & RITA RICHTER

GREY SANDS

Bob's family were teetotallers and he 'learned' to drink spirits and beer at university. There he met Rita, whose family were Italian and regularly shared wine with meals. Bob fell in love with all things wine and just had to set up a cool climate vineyard in Tasmania. That was in 1987 and today Grey Sands continues to produce their famous range of wines - pre-cellared and ready to enjoy.

OCKIE MYBURGH

JOSEF CHROMY WINES

Originally from South Africa, it was a rugby scholarship that got Ockie into a winemaking qualification. Sure, he sidelined it to play pro rugby, but once wine is in the blood, it takes more than a few knocks to get it out!

1) JOSEF CHROMY WINES

♥ 370 Relbia Road, Relbia (03) 6335 8700 wine@josefchromy.com.au

Open: 10am-5pm daily. Closed: Christmas Day.

Restaurant closed Tuesday and Wednesday from May to August (Cellar Door open).

Spectacular winery, Cellar Door and hatted restaurant open 7 days. BOOKINGS ESSENTIAL for tastings and dining. Close to Launceston and the airport. Try one of our signature experiences. Ultimate Winery Experiences Australia Member.

WWW.JOSEFCHROMY.COM.AU

2 TAMAR RIDGE

♥ 1a Waldhorn Drive, Rosevears (03) 6330 0300 info@tamarridge.com.au TamarRidge Tasmania

Open: Cellar Door 10am-5pm daily.
Closed: Christmas Day and Good Friday.

With spectacular views of the Tamar Valley our cellar door offers tastings of the award-winning wines of Tamar Ridge and Pirie Tasmania. Selected older vintages of Pinot Noir are available. Cheese plates available daily from 12pm-3pm.

EAST COAST

Wine Trail

SLOW DOWN. THERE'S A VIEW AROUND EVERY CORNER AND A LONG WHITE SAND BEACH IN BETWEEN. PLACES THAT MAKE YOU FEEL LIKE YOU'RE THE FIRST PERSON TO LEAVE A FOOTPRINT. NATIONAL PARKS FILLED WITH WONDERS, AND SEASIDE TOWNS FILLED WITH WELCOME. A GOURMET FOOD BOWL BURSTING WITH THE BEST LOCAL FARE.

Here, you can experience one of Australia's greatest road trips – a journey that will lead you to places and moments you'll never forget. *lutruwita /* Tasmania's East Coast is a place of stories, encounters and treasures. A place where small, unexpected moments become lifelong memories and where taking a break can not only refresh but reinvent.

When you embark on the Great Eastern Drive, you'll need to come with an appetite. The East Coast's mild climate creates perfect growing conditions for the state's premium fresh produce, from sweet berries and nuts to award-winning cheeses and the freshest seafood imaginable (for which local wine is the perfect pairing).

Along the East Coast, vineyards are perched above rocky headlands and extend almost right down to the water's edge.

The region has long attracted passionate growers, producers, winemakers,

cheesemakers and chefs – indulge yourself with their creations. Explore, feast and wander. Slurp oysters straight from the sea and indulge in fresh crayfish (or any other of the ocean's bounty).

Break your journey at a B&B with an ocean view, a luxury lodge or coastal retreat and – when you need time to digest all that delicious produce – grab a taste of some of the region's most memorable experiences. Kayak along the coast, take a cruise to the east coast's famed beaches, or work up a fresh appetite on some of Australia's best walks.

Take to the road on the Great Eastern Drive and experience a true food and wine lover's adventure – on island time.

For more local touring information head to eastcoasttasmania.com.

Our wine producers would love to give you the best possible experience, so let them know when you're coming! Be sure to contact cellar doors before you visit, as they may have limited capacity and require tastings, tours and experiences to be pre-booked.

S B D

SOUTHERN

Wine Trail

GET CAPTIVATED BY HISTORY, LOST IN AN UNDERGROUND WORLD OF ART AND DAZZLED BY NATURAL WONDERS - THE SOUTH IS TRULY FULL OF SURPRISES.

From the city of Hobart, roads in any direction lead through meandering river valleys, wind past apple orchards, convict cottages, fishing ports and (of course) vineyards. It's the gateway to southern lutruwita/Tasmania and it doesn't really matter whether you love trekking into the wilds or unearthing cosy bars and sipping a crisp Riesling.

There's a little something for everyone in a place so compact that a few days will feel like a week. With short travel times between adventures, you can be atop kunanyi/ Mount Wellington and swimming at a beach on the same day, cruising up the River Derwent and meeting a local artist in Salamanca on the very same afternoon.

And there's good reason well-known foodies have settled in southern Tasmania. The soil is rich, the water and air pure, and innovative locals serve up paddock to plate goodness. Growers and makers deliver everything from soft goat's cheese, smoked salmon and roadside apples to world class wine of

extensive variety. Pick your own fresh produce direct from the source or pull up a seat at a stylish eatery.

Tasmania may look little on the map, but it's brimming with things to do. Whether you're into art and culture, outdoor adventure or have a penchant for exploring the past, Southern Tasmania has plenty to fill your day.

Pull on some boots and venture into the wilderness to discover glacial tarns, or drive through vineyard landscapes and meet our makers. Perhaps you like the idea of cruising southern waterways and exploring wild ocean and towering sea cliffs. Or perhaps browsing colourful market stalls. There are things to experience here that you can't do anywhere else on the planet.

Time to get out a pen and paper. It could be a quite a list!

For more local touring information head to hobartandbeyond.com.au.

OUR GRAPES ARE PRECIOUS

Our grapes and vines need to be very carefully nurtured in order to produce the outstanding wines you'll be enjoying as you travel around. Please do not enter any vineyards, as you may unknowingly be carrying unwanted pests or diseases that could cause great damage.

Our wine producers would love to give you the best possible experience, so let them know when you're coming! Be sure to contact cellar doors before you visit, as they may have limited capacity and require tastings, tours and experiences to be pre-booked.

- MONA is the Museum of Old and New Art, displayed in a secular temple at Moorilla Estate: 6,000 square metres of artwork that will batter your beliefs.
- Each Saturday Salamanca Place hosts Australia's best outdoor market – bargains and buskers, art and craft, food and wine, trash and treasure.
- Follow up on Sunday with the freshest Tassie produce at the Farm Gate Market – listed among the world's best.
- Visit the pinnacle of spectacular kunanyi/Mt Wellington and see the entire city and its harbour below.
- Immerse yourself in the power of Port Arthur and turrakana / Tasman Peninsula, its convict buildings, gardens, tours and tales – an essential Tasmanian experience.
- Get back to nature walk the Three Capes Track, take a ferry to Bruny Island or wander villages and inlets of Tasmania's South.

1 MEWSTONE WINES

GET THE HARD TO GET

(There isn't enough for everyone).

Tasmania's wine producers grow a thimbleful of Australia's wine grape harvest. However, our little island punches above its weight when it comes to the quality of the wines that we produce here.

Information reflects bintage 2023 data

VIND TASMANIA Caring for our land

Being located so far south, on an island exposed to the Roaring Forties, presents unique challenges for our growers and makers. Rain, lack of rain, hail, snow, wind (lots of wind), but also plentiful sunshine - it makes it hard and risky to craft these wines, but our people are very talented.

KEEP AN EYE OUT FOR
THIS SYMBOL ON WINE
BOTTLES, WEBSITES
AND PROMOTIONAL

AT CELLAR DOORS IN
TASMANIA.

Part of their skill comes through application of the VinØ (pronounced vin zero) Tasmania Program, a way to measure, monitor and improve sustainability practices.

This program ensures that Tasmania's hard-working wine producers are doing everything they can to produce very high-quality wine without negative impacts on the environment or local community.

Vin@ Tasmania program members understand the connection with the land and people and recognise that we are custodians with a responsibility to future generations. View further details at www.vinzero.com.au.

The VinØ Tasmania program provides a framework on the world's best possible practices across each of the following critical areas, as listed below. Tasmanian wine producers use this framework to monitor, measure, report, benchmark and constantly improve their sustainability practices.

The VinØ Tasmania program focuses on the following key areas of vineyard and winery management:

THE WINERY-

Ensuring that the grapes get into the bottle as efficiently and responsibly as possible.

SOILS – Healthy soils for quality grapes.

PESTS & DISEASE -

Managing pressures in an environmentally responsible manner.

BIODIVERSITY-

Using natural flora and fauna to support land and vineyard health.

WATER - Measuring and minimising water use in vineyards.

RECYCLING-

Responsibly managing waste and recycling.

PEOPLE – Looking after our valuable personnel and the broader community.

EMISSIONS -

Measuring, managing, reducing and mitigating carbon emissions.

BIOSECURITY-

Protecting our valuable grapevines from unwanted nasties.
