

## **International Shipping**

Unfortunately, we do not offer direct international shipping on our website. However, for your convenience we have listed international shipping options available outside of our website!

**(Option 1) MyUS:** Hover Seat has partnered with MyUS which is the No. 1 third party international shipping service servicing the United States. MyUS will assign you a shipping address in the United States. The package will then be processed and shipped from your MyUS address to the international address of your choice. MyUS uses top delivery companies such as FedEx, UPS, and DHL so ensure that your order arrives safely and on time.

MyUS Instructions:

1. [Sign up with MyUS](#) and get your United States shipping address at checkout
2. Place your order on our website and use MyUS address as shipping address
3. MyUS will let you know when your package has arrived and allow you to create a shipment request for all your purchases
4. Shipments typically arrive in 2-4 business days

**(Option 2) Another Forwarder:** If you would prefer to use another company to deliver your order you are not required to use MyUS. Simply choose a company that will handle pickup from our warehouse (1945 NE 149th St, North Miami, FL 33181, USA) and also ship the product directly to you. Warehouse hours are Monday, Tuesday, Wednesday, and Friday 1:00pm to 5:00pm EST.

Please note, that in an unlikely event that received merchandise, or any of its parts need to be replaced for any reasons, warranty or not, Hover Seat will deliver replacement parts to the Freight Forwarder of your choice ONLY within the lower 48 states. Customers outside of US are responsible for ALL charges associated with shipping of merchandise from US to destinations abroad. Hover Seat will not be responsible for shipping charges abroad of US. Please refer to our Warranty Policy for more information.
