

# MARCO DAL MASO

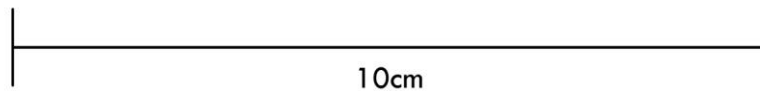

## Ring Size Guide - Men -

This guide has been created to use with an existing ring to find your ring size. For greatest accuracy use a ring you already own that comfortably fits the finger on which you will wear your MARCO DAL MASO ring and ideally has a similar band width.

### Step 1

Print this document out to 100% - ensure that page scaling is set to 'none' on the printing dialogue box. Check the printed size by measuring the line below. It should be exactly 10cm.

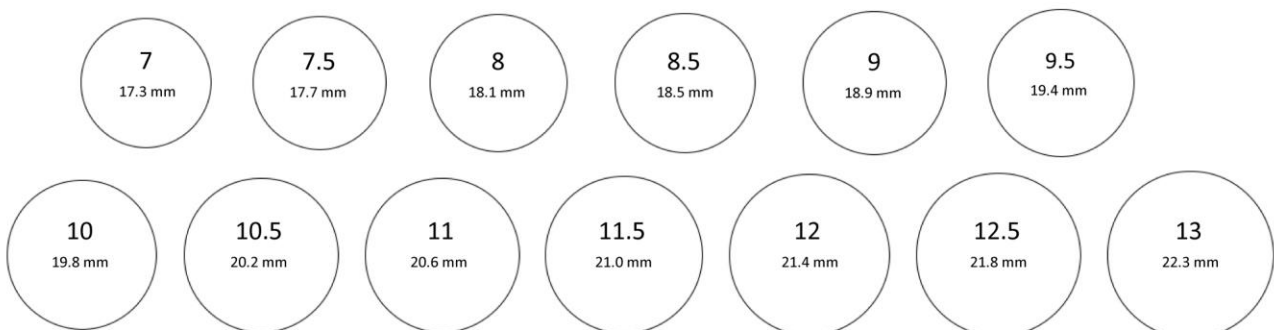

### Step 2

Place your ring on the chart below and match the inside edge of the ring to the circle nearest in size. The inner edge of your ring should align with the outer edge of the circle.

### Step 3

The number that fits best within the circle, is your ring size. If the ring falls somewhere between two sizes we suggest you opt for the larger size.

## MEASURE YOUR FINGER WITH PAPER SIZER

1

Carefully cut along the outline of the sizer. Make a small slit on the line on the left end of the sizer.

2

Wrap the sizer around the intended finger. Ensure the numbers are facing out.

3

Move the sizer to the base of the finger and pull. The sizer must fit very comfortably to provide an accurate size.

4

The number that lines up with the slit represents the ring size for that finger.
