

VERNON FRANÇOIS®

RE~ VAMP

MID LENGTH REPAIR CREAM

\$33.00

100ml

AN INTENSIVE EMERGENCY TREATMENT TO REPAIR DAMAGED HAIR

An active ingredient derived from castor oil helps to seal down the hair's cuticles that have been damaged through colouring, bleaching, perming or thermal straightening; and microscopic beads work to restore the flexible integrity of the outside layer of the hair's shaft, leaving the hair feeling like new.

Scent notes: Poplin.

“Finger detangling, instead of using a comb, is a great way to preserve your curl pattern and reduce breakage. Doing this after applying any of the moisture sprays from my collection, then allowing it to dry naturally, gives great results.”
