The contrast of colours chosen for the hotel works effectively, with more focus being placed on the natural stone-look of the DADOquartz [bathtubs](#) and [pedestal basins](#), as they are teamed with black tiles and glass coverings.

[Ask a question](#)

DADOquartz is ideal for a hotel, because of its durability. With properties similar to well-known engineered quartz kitchen surfaces, the DADOquartz bathtubs and basins are manufactured using state-of-the-art technology.
