FOLDABLE FAN with LED LIGHT  
CEILING or TABLETOP

## Product Introduction

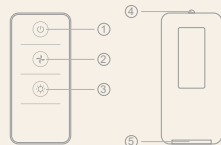

- |                     |                       |   |
|---------------------|-----------------------|---|
| ① Infrared receiver | ④ Type-C port         | ⑦ Mini Tripod connection port (tripod included) |
| ② Indicator light   | ⑤ Night light buttons | ⑧ LED lights                                    |
| ③ ON/OFF Fan button | ⑥ Mounting strap      | ⑨ Blades  |

## Directions for use

- Fan button: hold button down to turn the fan ON, hold the button down again to turn the fan OFF. A quick press of the fan button will change the fan speed. There are four speed options in total.  
\* The fourth speed mode is power saver mode. In this mode, the wind speed cycles from slow to fast.
- Night light button: press button to turn on the light. Press again to switch between three brightness modes.
- Battery percentage indicator: When shutdown, a quick click on the fan ON/OFF button will display the battery percentage left via the four green light indicators. The battery % left is evenly divided between the four indicators, where each light indicates a 25% of battery power left.

## Remote Control Function Description

- ON/OFF Power button
- Fan Speed modes button
- Night light settings button
- Power light indicator
- Battery compartment (Battery model CR2025, Lithium cell)
