the game in true HD

Deciding to get rid of your cable?  
We have what you need to replace it.  
Here's what you'll need to get going:

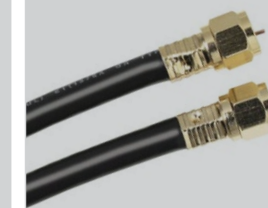

### Router

- How many devices are you connecting?
- How big is your home?
- Do you experience buffer and lag time? Our routers don't.

### Antenna

- Using an antenna to get your TV over the air is the highest definition possible
- 20+ miles away & you'll want an outdoor antenna
- Go to [antennaweb.org](http://antennaweb.org) to find where your broadcast towers are located

### Coax cable

- Get gold plated for the best signal
- Quad shield is best for running cables underground
- Know how much cable you will need
