

Installation Instructions for Zero Gravity Screen 2020 - Present Kawasaki Ninja 650

Thank you for purchasing one of Zero Gravity's windscreens which has been designed and manufactured to give years of safe and fun riding. This instruction manual gives you an in-depth look at the installation process. To receive further assistance or parts please e-mail techinfo@zerogravity-racing.com.

1. Remove the factory windscreen.
2. **Before installing** your new Zero Gravity screen, locate the two front rubber damper from your factory screen.
3. Place those dampers on your Zero Gravity windscreen.
4. Reverse the removal process to install.

Note: DO NOT REMOVE THE FOAM STRIP ON YOUR NEW ZG SCREEN.

Remove Damper From Factory Screen & Reinstall to ZG Screen
