RoHS Compliance Statement - April 1, 2019

The Restriction of Hazardous Substances (RoHS3) regulation comes into effect on July 22, 2019. The purpose of this law is to limit the amount of certain hazardous heavy metals in specific electronic devices so that those metals never find their way into landfills, where they can be released into the environment.

This statement confirms that AC WORKS® brand products listed hereafter are compliant with the requirements of Directive 2015/863/EU of the European Parliament and of the Council on the restriction of the use of certain hazardous substances in electrical and electronic equipment and its amendments (RoHS3). Use of Lead, Cadmium, Mercury, Hexavalent Chromium, Polybrominated Biphenyls, Polybrominated Diphenyl, Bix (2-ethylhexyl) phthalate, Dibutyl Phthalate, Benzyl butyl phthalate, and Diisobutyl phthalatel in any materials used to construct the assembly or any of its components do not exceed the maximum concentration values specified except in exempted applications.
