COVER STORY

Purchasing Made Easy

Our products are available on our website as well as other sales channels. We have two sites for purchasing; one in the United States and one in Canada. Although we ship worldwide, the Canadian site is available for quicker and more cost-effective shipping options for our neighbors to the north.

When using www.ACWORKS.com, you will find a link on the top right corner of the page, directing you to our Canadian fulfillment site. Click on the Canadian flag to redirect. If on our Canadian site, click the American flag to be directed to our U.S. fulfillment site.

Buyers outside North America may use our U.S. site, for cost-effective shipping needs. Our brand is available on sales channels like Amazon, Home Depot, Lowes, Newegg, and eBay. If you are a Prime user, Amazon (.com) and (.ca) offer free shipping. To avoid shipping, a ship-to-store option with Home Depot or Lowes will help. Residents of Milwaukee, WI, or the Markham, ON areas can utilize our in-store pickup option.

We do our best to make purchasing easy and convenient for every customer.

NEW PRODUCTS

FML515R

This AC WORKS® brand female receptacle features a 2-pole, 3-wire grounding system. It is a NEMA L5-15R, 15 Amp, 125 Volt flush mount locking outlet. It features chemical and impact-resistant housing along with a quick installation process.

FML615R

TIPS FROM TONY

Although L15-30 and L14-30 look very similar, you can't plug an L15-30 male plug into an L14-30 female outlet and vice versa. Not only that, L15-30 is a 3-phase, whereas L14-30 is not.

FEATURED PRODUCTS

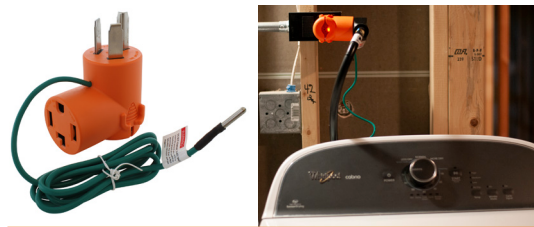

SD620PR

The super-duty extension cord is popular for use with HVAC, emergency power, EV charging, and industrial construction. The cable is an SOOW, 10/3, 30 Amp copper wire with a 600 Volt rubber jacket, and will reduce voltage drop over long distances. The jacket is an anti-cold weather staying flexible in extreme temperatures.

AD10301430

This is an AC WORKS® brand compact dryer adapter. This adapter has a NEMA 10-30P, 3-prong, dryer plug connecting to a 4-prong, NEMA 14-30R dryer outlet. It allows you to connect your new dryer plug to an old dryer outlet in your home. This is helpful if you have an older home and a new dryer. This orange adapter also comes with a grounding cable, allowing you to ground your dryer for safety,

CUSTOMER FAVORITES

ASL730P

The NEMA L7-30P wiring device is made of a very durable construction able to withstand impacts and chemicals. It has a weather-tight seal and a strain relief structure with SJT, SJO, SOO, STW 12/3, 10/3, or bigger cable specifications.

AC WORKS® NEWS

Mark Downs and Discounts

As you may remember we started creating new designs for the barrel adapters. As they have been rolling out into production we have been marking down the old style. Save on compact adapters by purchasing the old style (while supplies last).

Visit our website's promotional page to find out more about our discounts and coupons. We are running a BOGO discount on the E520CB520 and the E620CB620 flexible adapters.

We also post our discounts and sales on our Facebook page.

Industry News

Electric Vehicle Incentives

Electric vehicles are becoming more than a trend these days. Electric vehicles play a significant role in the decarbonization of the automobile industry. They offer a reduction in emissions and other toxic gases that contribute to lung diseases and other health problems.

There are many types of electric vehicles on the market today, including hybrid, plug-in hybrid, and all-electric models. EV range depends on the battery's ability to sustain stable energy. Battery performance in the electric vehicle industry is improving quickly.

The State of New Jersey Clean Energy fund is offering an incentive for its' residents to purchase electric. Four million dollars was budgeted, allowing apartments and condos to install charging stations for residents.

Beginning July 25, the state is offering \$4,000 for the sale of vehicles under \$45,000, \$2,000 for the sale of vehicles between \$45,000 and \$55,000.

The incentive is an attempt to fight climate change by increasing the sales of all-electric vehicles to the residents of New Jersey. Currently, 5% of all new vehicle sales are electric and growing. In addition to the incentives above, there is a bonus for charging stations installed in buyers homes.

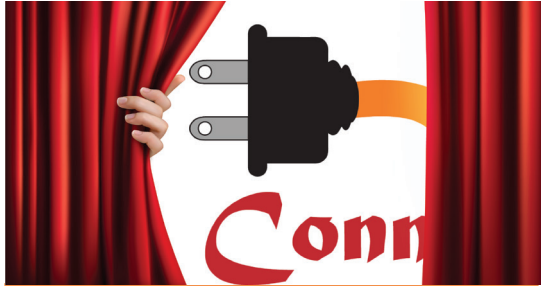

All incentives are available to residents of the State of New Jersey. Check to see if your state has incentives like these.

BEHIND THE SCENES

We are working hard to make purchasing an AC WORKS® brand product as easy as possible. Troubleshooting our website and other sales channels is a common task in our office. That helps provide you with the best customer service possible. Even though we are working diligently to help you, human and technological errors are a reality. If you find an issue with usability, checkout, search, or more, contact our customer service department for help. We are here to serve you.
