HEATED GEAR REIMAGINED.

Benefits:

- Enjoy all the things winter has to offer while staying perfectly comfortable and warm.
- Take Torch on all your adventures whether it's hunting, fishing, snowboarding, camping, hiking, or motorcycling.
- Place Torch in whatever coat you choose and enjoy the warmth in the coat that's right for the occasion.

Health Benefits:

- Warming the body's core is the foundation to warming the hands, feet and the rest of the body.
- Applying heat promotes healthy blood flow, increasing oxygen and nutrient flow to the muscles, relieving pain, decreasing recovery time and improving performance.
- Increased muscle flexibility and range of motion, decreased stiffness, decreased sensitivity and recovery time.
- Increased muscle efficiency enhances performance during activities and competition.
- Being warm promotes a positive attitude and makes any activity more enjoyable.

Features:

- Torch heats up in 3 locations to maximize the heat transfer to the core.
- Torch installs in seconds and fits seamlessly in virtually any coat, and can be passed from coat to coat.
- Torch is fully rechargeable with 4 heat settings and can last up to 5 hours on a single charge.
