

Finding Foot Measurements

Standard: 2MD3

Materials:

- Piece of string one foot long (each pair of students)
- Recording Sheet

I Can:

- Choose 5 objects in the classroom that match the measurement of the one foot string
- Estimate then measure them
- Record the estimate and measurement.

Measurement Recording Sheet

	Estimate	One Foot	Less Than One Foot	More Than One Foot
Object #1				
Object #2				
Object #3				
Object #4				
Object #5				

Can I estimate if an object is more than, less than or equal to one foot in length?
