

Comparing Measurements – Centimeters

Standard: 2MD4

Materials:

- Items to measure
- Recording Sheet
- Ruler

I Can:

- Choose 2 objects in the classroom to measure eg crayon and pencil
- Estimate then measure each of them in centimeters
- Record the estimate and measurement for each
- Record the difference in their measurement
- Tell my partner which is longer and by how much.
- Choose another 2 objects to measure in centimeters.

Measurement Recording Sheet

Round 1	Estimate	Measurement	Difference in length and which is Longer
